Dear NDLI Club Member,

Greetings!

As you may know, AICTE and UGC have made it mandatory to fill the NDLI Club Registration Number in the annual application form. Also, we have migrated our NDLI Club registration to a new platform. In this regard, we request all our existing NDLI Clubs to complete the NDLI Club registration in the new portal and get the new NDLI Club Registration Number by 31st March, 2021.

A detailed presentation to register NDLI Club is enclosed here. I am also furnishing the step-wise process to register your NDLI Club below:

Step 1: Register and verify the eMails of 4 key NDLI Club authorities <https://ndl.iitkgp.ac.in/> (1. Patraon - Head of the Institution, 2. President - Faculty/ Librarian/ NSS Coordinator, 3. Secretary - Faculty/ Librarian, 4. Executive Member - Faculty/ Student/ Researcher)

Step 2: After registration and verification of 4 key members, you are requested to visit the new NDLI Club portal from here: <https://club.ndl.iitkgp.ac.in>

Step 3: We request you to click on the **Club Registration** tab available on the top bar.

Step 4: Login with one of the key members username and password

Step 5: Search institute name "For ex. PSGR Krishnammal College for Women" or AICTE ID/ UGC ID/ NBA ID or NDLI Club old Regn. No. "INTN00007". In case your institute name is unavailable, choose Other and enter your institute details

Step 6: Fill or Edit the basic details about your institute and Click Save

Step 7: Fill the 4 Key NDLI Club Authority Details and Click Save

Step 8: Generate Letter and then get it signed by the Head of the Institution and stamp it

Step 9: Upload the signed and stamped letter

Step 10: Authorities need to verify their NDLI Club emails either by clicking on the email received or by logging-in to the Club Registration page

Step 11: Freeze and submit the application

Step 12: We will verify and approve your NDLI Club

Step 13: On approval of NDLI Club, we will send you a Welcome eMail with a unique Passkey

Step 14: Using this unique Passkey, you are requested to register each faculty and student on NDLI and NDLI Club from here: <https://club.ndl.iitkgp.ac.in/sign-up>

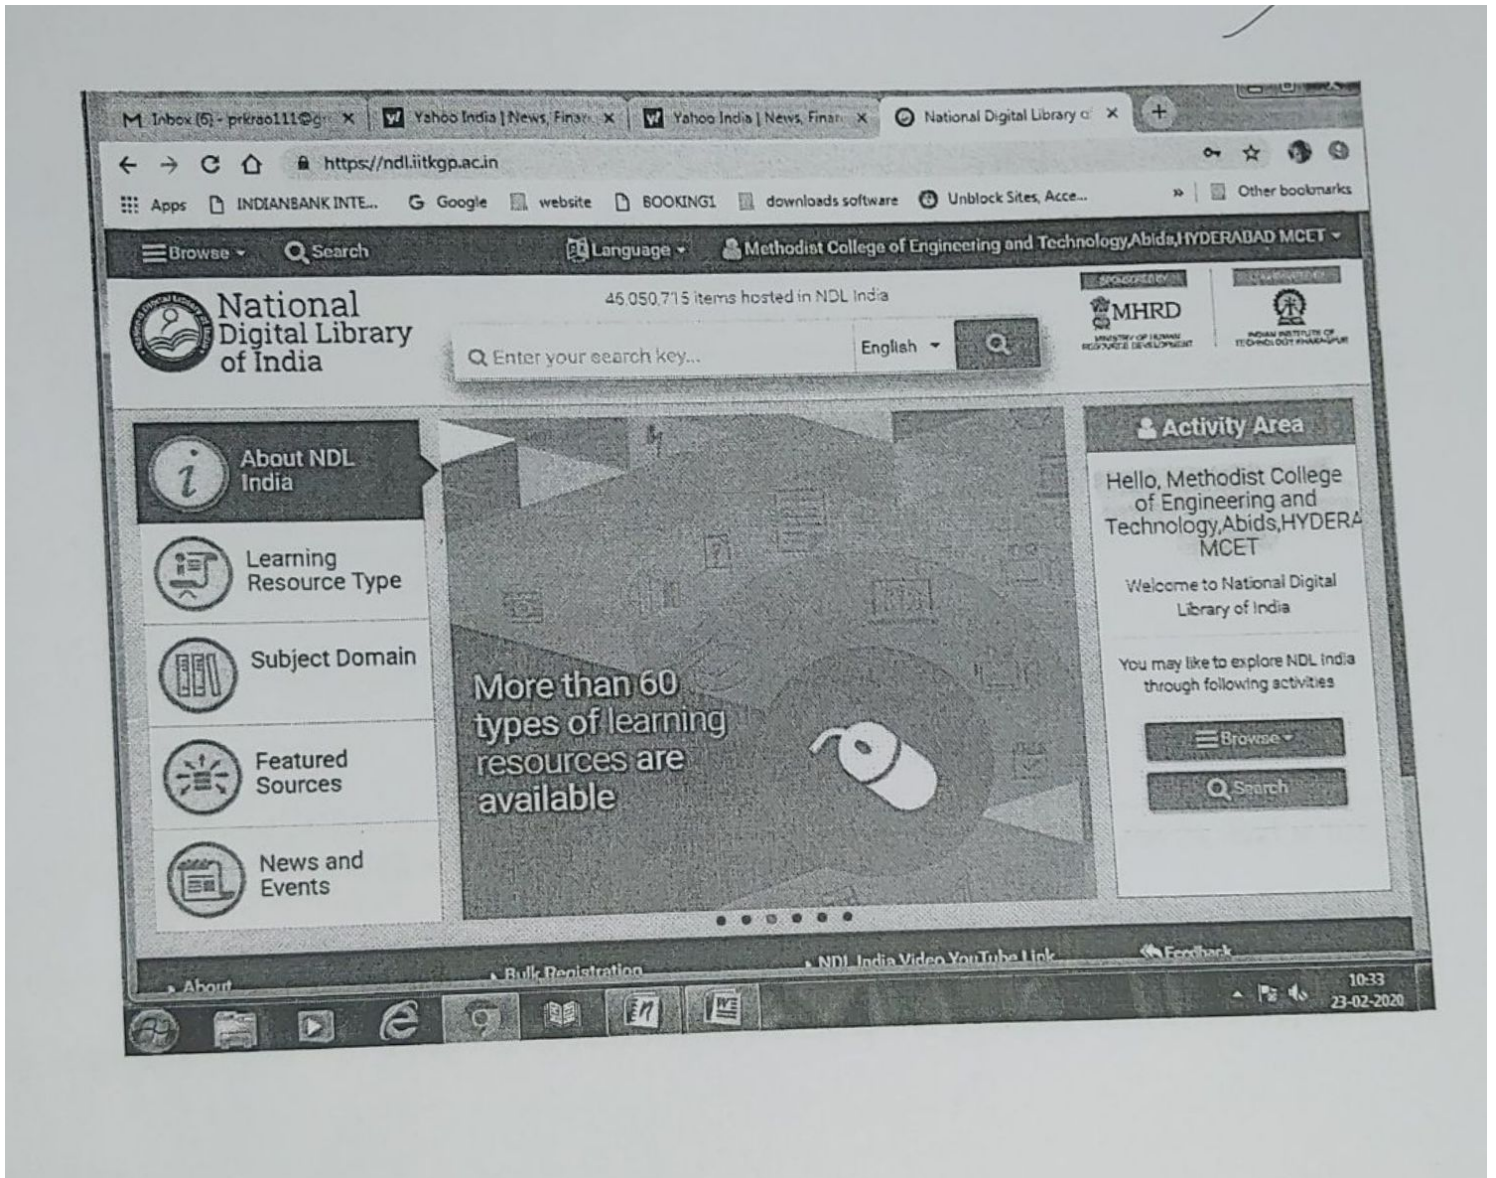

Step 15: On successful registration of minimum 100 candidates and conduct of one User Awareness Session, you will be issued the NDLI Club - Certificate of Registration

Feel free to contact me for any further clarifications.

Best regards  
Vignesh

Hello, ma'am!

As requested by you, I would like to participate in the interaction session to guide the students on the right path towards getting a job as a Software Developer.

I would like to touch on the following points during the session:

0. Tell them about myself and a short introduction about my journey
1. Understand what is their current perception of how to get hired.
2. Understand their skill level and interest in software development
3. Understand their achievements and training that they have taken
4. Tell them a step-by-step breakdown of what is important and how to get companies to hire them
5. Show them how to participate in coding challenges and introduce them to the world of competitive programming
6. Help them solve a few problems.
7. Tell them about Smart Interviews and how we're helping a lot of students achieve their goals

Few additional points as part of that:

1. I would require about 90 minutes on the whole for my points.
2. I can host the session over Zoom if required.
3. Preferred timings will be 6 PM-7:30 PM on Friday, 21st May 2021

Please feel free to suggest any alterations as required by you.

Thank you.

Gmail - Fwd: Interaction session with 3rd and 4th year students

5. Show them how to participate in coding challenges and introduce them to the world of competitive programming
6. Tell them about Smart Interviews and how we're helping a lot of students achieve their goals

Thank you.

I am a 2018 graduate of MCET

I started my first company BURN in the first year of engineering, providing branding and event management services. (2014-2016) My company also organized the prestigious Hyderabad Model United Nations conference with 300+ delegates from all over the country.

When I was in my third year, I took workshops on Graphic design and web development using PHP in MCET.

In my final year, I competed in regionals in ACM-ICPC (International Collegiate Programming Contest) which is akin to Olympics for competitive programming.

I received job offers from several companies including DBS Bank and Amazon for Software Development roles. DBS Bank offer was 6.8 LPA and Amazon extended a CTC of 18.5LPA + 10L in stock.

I am now the CTO of Smart Interviews, an ed-tech company based out of Hyderabad. I trained 2000+ students on problem-solving for interviews to help them get placements in top tech companies. Several of my students are now working in companies like Adobe, Amazon, Flipkart, Microsoft, etc.

Explanation with some real life examples

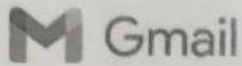

if time is given and then asked for doubts if would have been better rather than sir explaining it while we're doing. As it's tough to concentrate on both the things.

Some of the questions don't have output explanations and some questions need more

Subject: Feedback of the session

To: <erukullashailaja@gmail.com>

The students were responding very well. The overall cooperation from their side is good. There were 1 or 2 students who tried to make some nuisance but they were quickly removed from the session saving everyone's time.

I think the students lack exposure and guidance on interview preparation. The audience consisted primarily of 2nd and 3rd years. As per their responses, I have only understood that they have never looked at programming as a way to solve problems. It was a bit difficult to get everyone on the same page, but about 5-10 students were following everything I was saying.

Thank you for arranging this event as it will greatly benefit the college if the students take action on it. I hope more such practical sessions are organized with different speakers from different domains so that the students understand their way forward towards a successful career.

Thank you,  
Surya Abhishek

## Department of CSE About the event

The event is organised for the U.G students to share knowledge about the various programming strategies, Design and analysis of algorithms ,dynamic programming etc.The hands on with real time examples help a students lot to understand how to solve some of the problems in Leetcode like Hackerrank and Hackerearth. The session is interactive and useful for the coding problems.

Subject: Request for Webinar: India-The Rise of Electric Vehicles-reg.

Dear Sir,

We are pleased to introduce ourselves that Methodist College of Engineering and Technology is established in the year 2008, situated in the heart of the Hyderabad city to promote engineering education to both urban and rural students. The college is approved by AICTE, New Delhi and affiliated to Osmania University. The department of electrical engineering is offering undergraduate course B.E. with an intake of 60. The department believes in "learning by doing" and gives utmost importance to practical exposure to the students in understanding the concepts and principles of engineering. This can be achieved only with mutual collaboration and cooperation between the institute and industry.

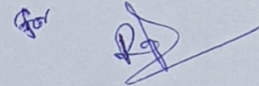

In tune with this the Department of Electrical Engineering is organizing, A Five-Day Webinar on India-The Rise of Electric Vehicles schedule on 25<sup>th</sup>-29<sup>th</sup>, May 2021. In this regard we request you to address the participants with your knowledge and skill at esteemed organization. Your session will start on 25, May which is on Tuesday from 10am to 11:30am immediately after the inaugural function.

Hope you will accept our invitation for the benefit of ongoing engineering students.

For further clarification in program schedule, Mr. J. Ramesh Babu, Assistant Professor can be contacted.

Cell: 9908192932 & e-mail: babu.ramesh444@gmail.com

A word of confirmation is appreciated in this regard.
