Dear Sir,

**Sub:** Requisition for payment advance for developing an Electrical Vehicle (*Planning for filing a Patent*)...

In connection with the in-house research projects of MCET, I have initiated a patentable work on development of hybrid electrical vehicle.

*Abstract: The electric vehicles industry is continuously evolving. One type of such electric vehicle is the hybrid electric bicycle (e-bike). Electric bicycles, like other electric vehicles, use a BLDC motor (Brushless Direct Current Motor). This project presents a way of designing a hybrid e-Bike. The project mainly uses Solar Panels, Dynamo (DC Generator), BLDC Motor, Control Circuit, etc.*

The development of the proposed electrical vehicle involves in an expenditure of about 30,000 INR. Therefore, I request you to provide me the advance of about 30,000 INR for the development of proposed Hybrid EV and taking it forward for filing a Patent. I would be thankful to you for the same.

Thanking you,

Yours sincerely,

~~Through:~~ Project Guide (Mr. Venkataratnam Akumarthy Sir, Asst. Professor)

Respected Sir,

Sub: Request for financial Support for developing Working Model of Project (Cost Rs.28,338) - Reg.

We the students of B.E. Mechanical Engineering Final Year (B-section), doing our project work under the guidance of Mr. Venkataratnam Akumarthy sir. We are designing and developing the working model of "Leaf Plate / Paper Plant Making Machine" which can be used to produce the leaf plates and duna's and these products can be commercialized.

The estimation cost of fabrication, procurement and assembly of this machine is Rs.28,338/- which would be very expensive for us as we are only 3 members in the team. Hence we request your kind consideration and provide some financial support which would be very much helpful for us. Once the model is ready we will submit the same at our department.

Thanking you sir,

*Forwarded to the principal.*
