# Introduction to Cybersecurity

For completing the Cisco Networking Academy® Introduction to Cybersecurity course, and demonstrating the ability to explain the following:

- Global implications of cyber threats
- Ways in which networks are vulnerable to attack
- Impact of cyber-attacks on industries

- Cisco's approach to threat detection and defense
- Why cybersecurity is a growing profession
- Opportunities available for pursuing network security certifications

Certificate of Course Completion

# Cybersecurity Essentials

For completing the Cisco Networking Academy® Cybersecurity Essentials course, and demonstrating the following abilities:

- Describe the tactics, techniques and procedures used by cyber criminals.

- Describe the principles of confidentiality, integrity, and availability as they relate to data states and cybersecurity countermeasures.

- Describe technologies, products and procedures used to protect confidentiality, ensure integrity and provide high availability.

- Explain how cybersecurity professionals use technologies, processes and procedures to defend all components of the network.

- Explain the purpose of laws related to cybersecurity.

Abids, Hyderabad.

Statement of Achievement

# PCAP: Programming Essentials in Python

During the Cisco Networking Academy® course, administered by the undersigned instructor, the student has studied the following skills:

- the universal concepts of computer programming (i.e. variables, flow control, data structures, algorithms, loops, functions, etc.)
- developer tools, developer tools and the runtime environment;
- the syntax and semantics of the Python language;
- the fundamentals of object-oriented programming and the way they are adopted in Python;
- the means by which to resolve typical implementation problems;
- the writing of Python programs using standard language infrastructure;
- fundamental programming techniques, best practices, customs and vocabulary, including the most common library functions in Python 3.

This Statement of Achievement acknowledges that during the course PCAP: Programming Essentials in Python, the student has been able to accomplish coding tasks related to the basics of programming, and understands the programming techniques, customs and vocabulary used in the Python language.

By completing the course, the student is now ready to attempt the qualification PCAP – Certified Associate in Python Programming certification, from the OpenEDG Python Institute.

# CLA: Programming Essentials in C

Statement of Achievement

During the Cisco Networking Academy® course, administered by the undersigned instructor, the student has studied the following skills:

- the universal concepts of computer programming,

- developer tools,

- the syntax and semantics of the C language, as well as data types in the C language,

- the means by which to resolve typical implementation problems,

- the writing of C programs using standard language infrastructure, regardless of the hardware or software platform,

- the fundamental programming techniques, customs and vocabulary, including the most common library functions and the usage of the preprocessor.

This Statement of Achievement is to acknowledge that during the course CLA: Programming Essentials in C, the student has been able to accomplish coding tasks related to the basics of programming, and understands the programming techniques, customs and vocabulary used in the C language.

By completing the course, the student is now ready to attempt the qualification CLA – C Programming Language Certified Associate Certification, from the C++ Institute.

Subject:- Report on CCNA Routing & Switching Essentials – MODULE 2

Respected Sir,

      Department of Computer Science and Engineering has initiated **CCNA Routing & Switching Essentials– MODULE 2** By **Cisco Networking Academy** training for VII Semester CSE students. Our Department faculty have given training to the students from 20/08/2020 to 20/11/2020[Online mode]. The faculty name is Mr.L Thirupathi. Total students enrolled for the course were 18.We has successfully completed the course and all the students have cleared the exam with good scores. Total numbers of chapters were 14.

      Thanking you.

Yours truly,

Mr.
Department of CSE

**DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING**

NAME OF THE PROGRAM: CCNA Routing & Switching Essentials – MODULE 2

COURSE OUTCOMES:

- Work with routers, switches and wireless devices to configure and troubleshoot VLANs, Wireless LANs and Inter-VLAN routing.
- Configure and troubleshoot redundancy on a switched network using STP and EtherChannel.
- Develop critical thinking and problem-solving skills using real equipment and Cisco Packet Tracer.
- Explain how to support available and reliable networks using dynamic addressing and first-hop redundancy protocols.

Certificate of Course Completion

# CCNA Routing and Switching: Routing and Switching Essentials

The student has successfully achieved student level credential for completing CCNA Routing and Switching: Routing and Switching Essentials course administered by the undersigned instructor. The student was able to proficiently:

- Determine how a router will forward traffic based on the contents of a routing table.
- Explain how switching operates in a small to medium-sized business network.
- Use monitoring tools and network management protocols to troubleshoot data networks.
- Configure monitoring tools available for small to medium-sized business networks.

- Configure initial settings on a network device.
- Configure Ethernet switch ports.
- Implement VLANs.
- Implement static routing and RIPv2.
- Implement DHCP on a router.
- Implement network address translation (NAT).
- Implement access control lists (ACLs) to filter traffic.

SUB: Minute of Meeting for approval for conduction of CERTIFICATE PROGRAMMES for the current semester -Reg

Respected sir,

The dept. of EEE is planning to conduct the following CERTIFICATE PROGRAMMES (workshops) for the current semester 2020-21 (I SEM). The details are specified below. I request your kind approval for the same.

The syllabus is also attached for your perusal

| SL no | Programme name | Dates | In collaboration with | coordinator |
|-------|----------------|-------|-----------------------|-------------|
| I. | Certificate program on " India the rise of electrical vehicle" | May 2020-21 | IEEE Student chapter | MrP.RAJINIKANTH Asst. Professor |

Thanking you sir,

HOD-EEE
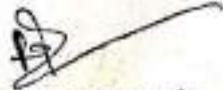

Head of Department
Department of EEE
Methodist College of Engg & Tech.
Abids, Hyderabad-500 001.

# ABOUT EEE DEPARTMENT:

The Department of Electrical and Electronics Engineering was started in the year 2008 with an intake of 60, with an objective of imparting quality education in the Electrical and Electronics Engineering. EEE is the oldest of the engineering streams, and its applications are many. The number of career prospects for this group is huge, and it is the reason for many people to join this course. These students are offered with high salaried jobs, especially in the public sector. They are needed in power industry, electrical machine industries, etc. A number of private companies also offer lucrative job roles for these engineers.

Due to this requirement, Methodist gives a special preference to EEE, and we had built a special base for this group. The laboratories, faculty, etc. for this group are of top notch, and we chalk out various industrial tours, seminars workshops, etc. for the benefit of our students EEE is one of the core streams of engineering, and it is required in any case. Hence the demand for this group never decreases, and it is the steadiest stream ever.

# SYLLABUS ON ELECTRICAL VEHICLE

## ELECTRIC POWERTRAIN DESIGN

The drive system is the centerpiece of a battery-electric vehicle. Comprising the power electronics, electric motor, transmission, and battery, the drive system generates zero local $CO_2$ emissions and delivers full torque right from the start. In 2030, one in three new vehicles will be a purely electric vehicle thanks to the electric drive's steadily improving efficiency and the sinking total cost of ownership for such models. Stricter fuel economy and emissions regulations are driving automakers and suppliers to develop more efficient Electric powertrains and vehicles. Electric Vehicle teams must collaborate closely with Electric powertrain engineers to reduce energy demands throughout the vehicle. These efforts include light weighting, improving aerodynamics and Traction Motor performance optimization, Battery technology improvement and Efficient BMS technology.

## LITHIUM-ION BATTERY ASSEMBLY

Lithium-ion (Li-ion) batteries are rechargeable batteries with high-energy density and are majorly used in portable equipment. The market for these batteries is expected to witness significant growth owing to increase in use in smartphones, tablets/PCs, digital cameras, and power tools. Moreover, the demand for Li-ion batteries in the automobile industry is expected to increase in line with rise in demand for electric vehicles. These batteries have gained popularity among automobile manufacturers as they offer an alternative to nickel metal batteries used in electric vehicles, due to their small size and light weight.

## LI ION CELL MANUFACTURING

The growing automotive industry in the region is also a significant factor contributing to the market growth. The growth is most likely to come from emerging markets, owing to the increasing population, rapid urbanization, and increasing purchasing power.

Based on application, the lithium ion battery market is categorized into energy, automotive, consumer, military, industrial, and medical.

Industrial sector includes mining, cranes, smart grid, and valves; automotive sector includes buses, trains, trucks, cars, airplanes, e-bikes, and e-scooters; and consumer sector includes smartphones, uninterruptible power supply (UPS), mobile phones, and tablet PCs. The automotive application category is expected to witness the fastest growth in the market during the forecast period, owing to the increasing penetration of electric vehicles in various countries, including Norway, Germany, and China.

## ENERGY STORAGE SOLUTIONS

Focus on providing cost effective, dynamic and creative solutions with a targeted yet flexible approach,

Commitment to technology to monitor and manage the use of the equipment with enough flexibility to handle changes to the electricity system and market rules,

Vendor and technology agnostic, design, engineering, permitting, procurement, commissioning, performance testing and project management, Structured finance approach to the business case, Experience across multiple types of industrial, commercial and municipal facilities.

**B2B & B2C customers look for simplicity, unification and interoperability.**

The EV charging market has huge potential growth. EVs and charging stations are not widespread yet, but a significant increase in EV production is expected in the next years. With a rising number of EVs, infrastructure and end-customer solutions are working to keep up.

The public EV charging market is still at an embryonic stage but will offer tremendous growth opportunities in the next years.

# Introduction to Cybersecurity

For completing the Cisco Networking Academy® Introduction to Cybersecurity course, and demonstrating the ability to explain the following:

- Global implications of cyber threats
- Ways in which networks are vulnerable to attack
- Impact of cyber-attacks on industries

- Cisco's approach to threat detection and defense
- Why cybersecurity is a growing profession
- Opportunities available for pursuing network security certifications

### Department of Mechanical Engineering

## A Training & Certification Program in Onshape

Estd : 2008

Onshape

CERTIFICATE OF COMPLETION

Srikant Rangdal

Introduction to CAD

To,

The Principal
MCET, abids

Subject: Seeking your permission to start a training / certification program on onshape.

Respected sir,

We have obtained the enterprise version of onshape for our college with five hundred users. We'd like to bring it to your notice that it is providing certification courses on CAD Basics. It would be greatly helpful to our students for project purposes with its inbuilt monitoring system allowing faculties to track the extent of their work.

In the view of this, we want to conduct preparatory training for interested students in the month of February. Once the students are ready, they will get a chance to attend a certification exam from Onshape. This will help our students stand out from the crowd & pursue better opportunities in research, higher studies & job market.

Fee Details (This includes the training & registration fee for ~~certificates~~ certification exam):

| S No | Student Categories | Fee Charged |
|------|-------------------|-------------|
| 1. | Students from other colleges | 2500/- |
| 2. | Other Students from Current Third Year Current Final Year and Past Final Year | 1500/- (including training & exam fee) |

We seek your permission to go ahead with the program.

Thanking you,

Yours sincerely,

Mr. Srikanth Rangdal

To: srikanthrangdal@methodist.edu.in

Hello Srikanth,

Perfect! ☺ Onshape has really changed the way how the students and educators interact and overall outcomes are even better.

As discussed on call, I'm sharing the form with you. Kindly fill up the form for Onshape Education Enterprise account access. **Please make sure to register asap as we have limited accounts' access available.**

https://www.onshape.com/education-enterprise-processing

If you have any questions in the future, please feel free to reach out to me using my contact information below and I'd be happy to discuss how I can support your needs.

Stay Safe!

Regards,

**ptc**

==================================================

Good morning maam,

I have been a passionate user of OnShape since i first can to know about it years back. I especially find it convenient to share 3D mechanisms & Machine models that students can interact & learn from. It's basically like giving them all the machines that they can carry within their pockets & access any time & anywhere.

I'd like to try out the enterprise version of OnShape for my college. Please send me the form for registering the same.

Regards,

Srikanth Rangdal

Assistant Professor

Mechanical Department

10:38 am, 24 September 2020, "Goswami, Priyanka" <pgoswami@ptc.com>:

Hello Srikanth,
Thanks for your interest!
I wanted to share with you about PTC Onshape which is the only fully online, cloud-based CAD system that enables remote learning and instruction. It is easy to transition to and runs on all computers, tablets, and mobile devices.
As we are facing these difficult times of Covid-19, **PTC is offering free Onshape Enterprise access worth USD 3000 for one year so that the students and faculty can continue to train and work in hassle free environment.** As an instructor, you can distribute assignments, review work, and give feedback directly in the tool. It is built for virtual teams and allows real-time collaboration for you and your students, so you can continue your instruction even while working remotely. As an added benefit, all major CAD system files, including PTC Creo, SolidWorks, Autodesk Inventor and others, can be directly imported into Onshape.
The additional features for Education Enterprise plan are:-

## ONBOARDING

Simplify Getting Started

The Education Enterprise Plan makes it easy for you to get started, set up classes and manage access across your organization. Single sign-on (SSO) and bulk upload features allow you to instantly add students with the option to login directly using their school email from any device, on and off campus.

## ANALYTICS

Data-Driven Insights

With the Education Enterprise plan, you'll get unprecedented access to data on how your students are performing. As instructor or administrator you can easily see how much time each student has spent on the platform and have a complete history of all of the students' actions. This information makes it easier to take instruction to the next level as well.

## ADMINISTRATION

Take Control of Learning
Onshape Education Enterprise offers administrative capabilities such as setting global permissions for students, enforcing your institution's security policies, as well as customizing the platform with your own URL and logo.

**In India we have got limited accounts access left with us now and we are supporting the needs of institutes on first come first serve basis.**
**Kindly revert at the earliest so I can grant the free subscription.**

Regards,

<pgoswami@ptc.com>

Hi Srikanth,

Welcome to Onshape Education Enterprise! We're excited to help you get started.

## YOUR ENTERPRISE DOMAIN IS READY:

Methodistedu.onshape.com

## WHAT YOU NEED TO DO NEXT:

1. **Complete the <u>Onshape Enterprise for Educators Learning Pathway</u>.** This is critical to properly set up your Enterprise and get it ready for use.  Topics include key actions such as:
    1. Transfer Documents from cad.onshape.com to your Enterprise
    2. Add users to the Enterprise
    3. Learn how to effectively run class(es) in the Enterprise
    4. Fundamentals of designing with Onshape
2. **Share this email** with other educators at your institution who will be involved in using Onshape Enterprise.

## FOR ADDITIONAL SUPPORT:

- **Submit a ticket** directly from your Onshape Education Enterprise Plan. To do so, log in to Onshape and locate the question icon (help menu) in the top right corner of your view. Click the drop down menu and select "contact support."
- **Contact account support** via <u>the contact us form</u> if you are unable to log in to Onshape and require assistance.

Regards,
Onshape Education

Best regards,

**ptc**

## CIRCULAR

We are happy to inform you all that Onshape has provided our college a total of 500 user licenses for its online CAD software. In order to get you all ready to make the best use of it, we are conducting a training & certification program.

The students who are interested in getting hands-on training may get registered for the program.

Fee Details (This includes the training & registration fee for ~~certificate~~ certification exam):

| S No | Student Categories | Fee Charged |
|------|--------------------|-------------|
| 1. | Students from other colleges | 2500/- |
| 2. | Other Students from Current Third Year Current Final Year and Past Final Year | 1500/- (including training & exam fee) |

Hope all of you will take the maximum benefit out of it.
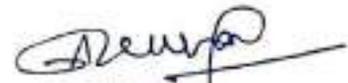

Dr. A Rajasekhar
Head - Dept. of Mech. Engg.

## Aim of the Course:

The aim of this course is to give a brief exposure to the students about various investment avenues and financial products and services available in India.

## About Department:

The MBA course at MCET was started from the A.Y:2009-10. Our department has emerged as one of the vibrant segments of our burgeoning MCET located in the very heart of the city of Hyderabad. Right from its inception the department has been playing a key role in imparting quality education to the student community.

Our college is approved by AICTE and we are affiliated to Osmania University. Hence the curricula and syllabi of the two year fulltime MBA course offered with an intake of 60 students, is as per the CBCS of Osmania University norms. The specializations offered in Finance, HR and Marketing enables students in acquiring cross- functional knowledge. We provide case-based learning methods and impart pedagogy on par with premier institutions of the nation.

The students have the delight of an environment friendly sprawling Wi-Fi campus, with state of the art infrastructural facilities which include well-equipped computer labs, spacious library with access to online and off-line national & international journals, centrally air- conditioned Seminar Hall with the latest facilities, well structured playground and the list goes on.
