Dear Sir,

TO WHOM IT MAY CONCERN

There is to certify that Mr. Gaurav Kishore Singh, B.Tech. (Structural Engineering) is a graduate of the State of Engineering & Technology Commission, Government of Uttar Pradesh, India, who has completed training in the field of Civil Engineering (Structural Engineering) from the year 2022 to 2024 under the guidance of Pragati Consultants.

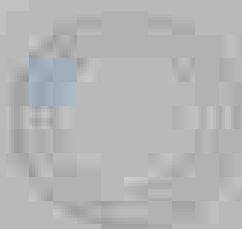

During the period of his training with us, Mr. Singh has been engaged in various projects and has shown a commendable performance.

We wish him every success in his future career.

SUB: INTERNSHIP COMPLETION LETTER

We are glad to inform you that Mr. Abdul Musawwir from Malhotra College of Engineering and Technology, Hyderabad, has successfully completed his 3 weeks Engineering Staff College of India An Organ of The Institution of Engineers (India) from 04 May 2022 to 04 June 2022.

During the Internship, he was exposed to the various practical activities viz vizit Architectures, STAAD Pro and E-TABS.

We found him extremely inquisitive and hardworking. He was very much keen to know the functions of our core division and was willing to put his best efforts and good will of the subject to understand it better.

His association with us was very fruitful and we wish him all the best in his future.

Dear Sir,

TO WHOM IT MAY CONCERN

There is to certify that Mr. Gaurav Kishore Singh, B.Tech. (Structural Engineering) is a graduate of the State of Engineering & Technology Commission, Government of Uttar Pradesh, India, who has completed training in the field of Civil Engineering (Structural Engineering) from the year 2022 to 2024 under the guidance of Pragati Consultants.

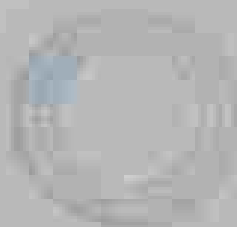

During the period of his training with us, Mr. Singh has been engaged in various projects and has shown a commendable performance.

We wish him every success in his future career.

Yours faithfully,
Pragati Consultants

Workshop: Real-time Applications of Hashing Techniques and Graphs

11th August 2022

9:30 AM - 12:30 PM

📍 Sashay Hall in BUCOD, MCDT

Organizer
Dr. P. Sastry
Professor, IIT

Advisor
Dr. Prakash Sastry

Co-organizer
Dr. Sridhar
Professor of IIT

Mr. Shrikant
Department of IIT

Speaker
Dr. M. Lakshminarayana

Co-speaker
Dr. K. Srinivasan

Mr. Mujib Ur Rahman
Assistant Professor,
Department of Computer Science,
University of Jammu

Algorithms and Data structures

Highlights

Workshop with interactive sessions and problem solving exercises
Understanding of Hashing and Graphs with real time applications
Time and space complexity calculations for each problem

Duration

Whole day training 10am - 4pm

Prerequisites

Basics of programming such as variables, data types, functions etc.
Knowledge of any programming language (Java/C/C++/Python/JavaScript)
Knowledge of Arrays
Knowledge of Recursion

Hashing

Hashing Introduction
Simple Hashing with Arrays and ASCII character codes
Hash Functions
Collisions
Open Hashing
Linear Probing
Quadratic Probing
Double Hashing
Deletions
Problem solving on Hashing
Time complexity calculation
Space complexity calculation

Graphs

Introduction
Real world applications
Directed graph

	Undirected graph
	Cyclic graph
	Acyclic graph
	DAG
	Representing graph in computer memory
	Adjacency matrix
	Adjacency list
	Graph Traversal introduction
	Graph traversal using BFS
	Graph traversal using DFS
	Problem solving on Graphs
	Topological sort
	Connected components
	Degree of graphs
	Finding cycle in the graph

Dr. J.

To,
The Principal,
Sreevidya Institute of Science and Technology,
Hyderabad.

With Reference to: (On Faculty Mr. Shah Abdul Kader for Two-day Workshop at MCET-34)

Sir/Madam,

Mr. Shah Abdul Kader, Assistant Professor, CBE Dept, Sreevidya Institute of Science and Technology, Hyderabad has been selected on 27-09-2022 AN as a Resource Person for the Two-day Hands on Workshop on Python Programming at Methodist College of Engineering & Technology, Hyderabad. The financial assistance for this workshop is ₹ 100000/- (one lakh) approx. ₹ 100000/- making time in your busy schedule to speak to her students.

Dr. Lakshmi Venkata
Head of the Dept
Department of
Methodist College of Engineering & Technology

To
The Principal
Methodist College of Engineering and Technology,
Atide,
Hyderabad.

Dear Sir,

Sub: Request to grant permission to conduct workshop on "Hands-on 2-days Workshop on Machine Learning using Python Programming" - Reg.

It is proposed by CSE department to conduct a Hands-on 2-days Workshop Machine Learning using Python Programming in offline mode for selected second and third year students on 24th and 25th of March 2023. I request you to grant permission to conduct the event.

Budget Proposed for the workshop

Speaker Remuneration	Rs 20,000	✓	Dr. P. Lavanya
Brochure Design and banner	Rs 1,000		
Total Budget estimated	Rs 21,000		

Best Regards

KED - CSE
 For my personal use

 Dr. P. Lavanya

 Dr. P. Lavanya

To
The Principal,
Mehar College of Engineering and Technology,
Kangari Road, Atraha, Hyderabad - 507 001.

Respected Sir,

Sub: Nomination for the Release Period of 2-days Hands-on Workshop on Machine Learning Techniques using Python Programming-Reg

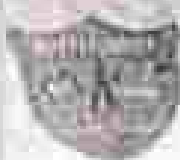

An approved earlier, the 2-days Hands-on Workshop on Machine Learning Techniques using Python Programming is being conducted on 24th and 25th of March 2021. The project and research period Dr DV Sasana, Academic Advisor - EITech Engineering Cell and Data Strategist-Consultant (Industry Expert) is following the 2-day hands-on programme. I kindly request you to release an amount of Rs 20,000/- towards remuneration for the same stated above.

Thanking you,

Industry Expert : 20,000/-
Tea, snacks : 500/-
Lunch (for 2 days): 500/-

→ Did not take transport or bus
Only web paid.

Dr DV Ramana Brief Profile

(Email Address: drdvramana@rediffmail.com, Mobile : 9896223084)

Academic Adviser for Emerging Technologies in an Excellent Engineering College of Best Engineering Coll. (Best Strategic Counsel) (Industry Trends) having rich experience in Research, Academic, and Industry with several national and International conferences and Building High Performance Teams.

Dr DV Ramana was conferred with "100-2015 E.N. Rajasekar Memorial Lecture" Award for the year 2015 for contributions in IT and Data Science, Analytics, Personalization of Analytics and other Computational science and IT in handling and new techniques such as Artificial Intelligence(AI) and Machine Learning and also a Certified "Top Certified - Professional Machine Learning Engineer"

Completed Ph.D. from National Geospatial Research Institute (GNRI) Lab-NGRI Hyderabad and their Summer Session (Systems Business Analytics) from Ontario University.

Also from GNRI Lab-NGRI worked on large volume of Analytics Data analysis, design, and processing, predictive and visualization of historical time series, large volume of data collected around 24/7/24 system Design and Main in Analytics.

Dr DV Ramana worked in Corporate organizations like Multinational Companies (IBM, Oracle) of the Lab - IBM organization, Health Parkers (HP), (Sarnigan), Domestic Computer (Green-India), (Satish Lab) New York Ltd. (APTECH) Ltd and Visited countries like Kingdom of Thailand, United States of America, USA, and Japan, experience of twenty years in various countries (USA and Kingdom of Thailand) for successful delivery of Quality Assurance projects in the various offices of the Officers and Officers (Senior, Certified Class Assistant - involved in operations for the CMMI V2.0, for Multi-Implementation and Certified classes (USA and UK).

Dr Ramana was an Invitational Guest Lecturer on "Robotics and Emerging Technologies" and "Systems Training" in International Business, Science And Technology University (ISAT) Ujjain as visiting Faculty for Dept of Management and Commerce in Ontario University, Adjunct Faculty in various Institute in Personalization and Research (IPCR) Ahmedabad (India) was also visiting Faculty for the Department of Mathematics and Ontario University, adjunct assistant in Commerce Institute of Digital and Telecom Management (DITM) Institute of Public Computer (IPC) Hyderabad, Green University of India, G.U. University (UP India), and DITM Management, Gujarat (India) (USA and UK).

Dr Ramana shared different subjects in Data Science (Business Data Analytics, Supply Chain Analytics, ERP, PMS Analytics, Telecom Analytics and so forth, Machine Learning, AI/ML Analytics, Social Media Mining (SMM) Edge Computing and Data Security using Python and IT Programming and Management such as Business Analytics (BA) Marketing Customer, etc. Subjects for Management, Technology Management, Data Systems, Management Information System (MIS), Software Engineering, Business Process Methods, Research in IT, Operations Research, Requirement Management and Software Project Management and so on.

As a 200 Big Data Analytics (BA) skills - Executive Committee member for 200 companies owned and their successful Projects and to Startup Company in providing the Data Science Experts.

Dr Ramana was also a part in the design and development of all Data Science and Big Data Analytics related to course curriculum programs, Shared Series of Training systems in Data Analytics in national Institute of Data Science (NIDS) Digital India, New Delhi and shared sessions on Software Engineering and Business Training in Development of Automated Computing (CAE) (Hyderabad) etc.

Associated with Series - Trends for its Progress in Development (DS) through TV Channel on Data Science, Analytics and Information Science, Trends - Project Collaborative Starting Process - Development - Subject TV's

Engaged with Course Design for 14 Colleges and Universities, 30 Institutes, 70 India (National Research) 20, University (Engineering College), and Business Management Institute (BIM) Business Institute (BIM) (India) Series, Pune, 42 University, Hyderabad (India), Technological University (TUT) / National and International and also participants of International and National Journals and also extensively authored International Software Dev in Research.

Dr Ramana is Adjunct Faculty for the Member of the Board of Studies in the Dept. of CMMI (Hyderabad), Institute of Technology (IIT) Hyderabad (2015 - 16) Course Design for various Hyderabad, Vardh College, (India) to share University (India) Master Class (MCA Data Science) - Board of Studies (BOS) - Ontario University of North, Hyderabad / Advisory Board Member of Data Science and Business Analytics - 16 - North College in Hyderabad, Adjunct Faculty an Executive Committee Member of Global Trends Group (GTG) Big Data Analytics Society of India (BSI) Management Committee (Corporate Group of India) (BSI) Hyderabad Chapter, 14th Street (USA) Department of Society (Delaware, Georgia, India, USA Member for Construction of India (CI) and its regional Units.

The Form will generate a link which will be shared with you through WhatsApp.

1. The first part of the book is a preface by the author, in which he explains the purpose of the book and the scope of the study.

2. The second part of the book is a chapter on the history of the subject, which traces the development of the subject from its origins to the present day.

3. The third part of the book is a chapter on the theory of the subject, which discusses the various theories and models that have been developed in the field.

4. The fourth part of the book is a chapter on the practice of the subject, which describes the various methods and techniques that are used in the field.

5. The fifth part of the book is a chapter on the future of the subject, which discusses the various challenges and opportunities that are likely to arise in the future.

6. The sixth part of the book is a chapter on the conclusion, which summarizes the main findings of the study and offers some final thoughts on the subject.

7. The seventh part of the book is a chapter on the bibliography, which lists the various sources that have been consulted in the course of the study.

8. The eighth part of the book is a chapter on the index, which provides a convenient way of finding the various topics and subjects discussed in the book.

9. The ninth part of the book is a chapter on the appendix, which contains various supplementary materials that are related to the main text of the book.

10. The tenth part of the book is a chapter on the glossary, which defines the various terms and concepts that are used in the book.

11. The eleventh part of the book is a chapter on the notes, which provides additional information and references on various topics discussed in the book.

12. The twelfth part of the book is a chapter on the references, which lists the various sources that have been cited in the book.

13. The thirteenth part of the book is a chapter on the acknowledgments, in which the author expresses his appreciation to the various people and organizations that have helped him in the course of the study.

14. The fourteenth part of the book is a chapter on the foreword, in which the author discusses the various challenges and opportunities that he has encountered in the course of the study.

15. The fifteenth part of the book is a chapter on the introduction, in which the author discusses the various topics and subjects that will be covered in the book.

16. The sixteenth part of the book is a chapter on the first chapter, which discusses the various theories and models that have been developed in the field.

17. The seventeenth part of the book is a chapter on the second chapter, which describes the various methods and techniques that are used in the field.

18. The eighteenth part of the book is a chapter on the third chapter, which discusses the various challenges and opportunities that are likely to arise in the future.

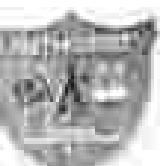

19. The nineteenth part of the book is a chapter on the fourth chapter, which summarizes the main findings of the study and offers some final thoughts on the subject.

20. The twentieth part of the book is a chapter on the fifth chapter, which lists the various sources that have been consulted in the course of the study.

21. The twenty-first part of the book is a chapter on the sixth chapter, which provides a convenient way of finding the various topics and subjects discussed in the book.

22. The twenty-second part of the book is a chapter on the seventh chapter, which contains various supplementary materials that are related to the main text of the book.

23. The twenty-third part of the book is a chapter on the eighth chapter, which defines the various terms and concepts that are used in the book.

Subject: Appreciation letter

Dear Sir,

I thank you for taking time from your busy schedule to be the guest speaker at 2-Days Hands-on Workshop on Machine Learning Technology using Python Programming. Your presence and wise words helped map our course in the best possible way. That workshop was a huge success, thanks to your enlightening content that inspired the student community.

Your skill in talking about different angles of the subject Machine Learning held at Methodist College of Engineering and Technology 24th and 25th March, 2023 is highly appreciated. Looking forward further academic collaboration in the future. Wishing you all the best in your future endeavors.

Yours sincerely,

25/3/23

request to conduct 5-Day workshop on Python and Artificial Intelligence

AI-Share - info@ai-share.com
 To: maastricht@maastricht.nl

21 January

Dear Prof. Meulak,

Thank you for reviewing our. We will be conducting a 5-day workshop with your college from 11 Jan - 15 Jan online mode. You will share all other details in a separate mail.

Thank you.

Regards
 AI-Share Team

5 day workshop on **PYTHON & ARTIFICIAL INTELLIGENCE**

11-15th Jan

Workshop lectures
Registration fee

Key benefit

1. Fundamentals of Python
2. Python with real world data
3. Make computers understand images
4. Predict behavior using AI
5. Face recognition in Python
6. Make a computer generate it's own

A Report

ON

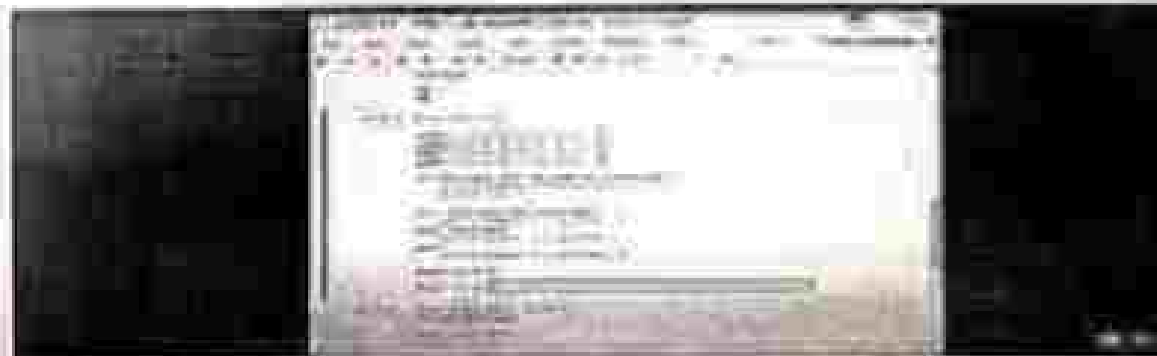

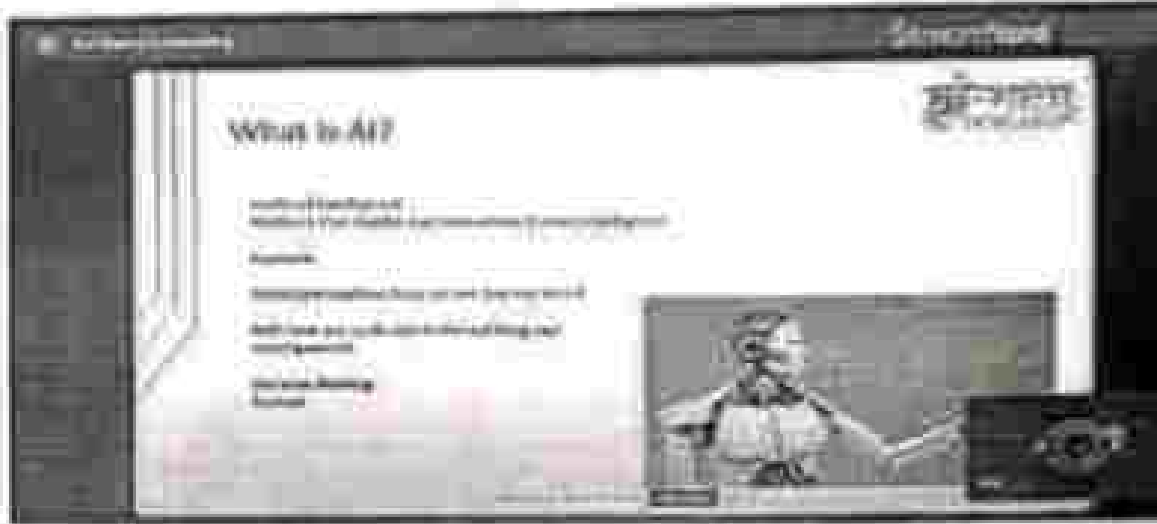

A 5 Day Online Workshop on "Python & Artificial Intelligence"

A 5 Day Online Workshop on "Python & Artificial Intelligence" was organized by the Department of CSE in association with AASHALA from 11th January to 15th January 2023. This workshop was organized for all B.E. V sem CSE and students to enhance their technical skills and to provide the insights on AI applications in the real world.

DAY 1

Day 1 session started with the brief introduction of AI and its importance in real world. And Shweta, CTO, AASHALA. Followed by the session on basics of python, which was delivered by Mr. Ayushi Pandey. All the students have enthusiastically participated in the session.

DAY 2

Machine Learning and its algorithms - Neural Networks, Convolutional Neural Networks discussed in the session. The architect Mr. Ayazul Fiazky has shown the Hands-On for Vector Machine and Face Mask Detection.

Image Recognition

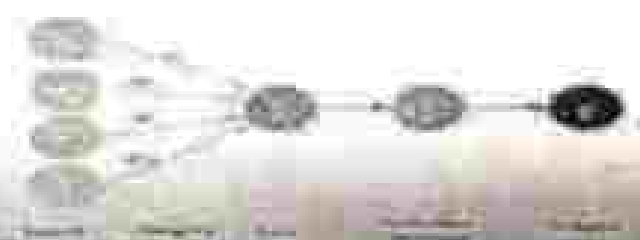

- How computer understands the image
- Ability to identify what is contained in an image
- Chatbots, Image search, etc.

The diagram shows a flow from an input image of a dog's face to a processing box labeled 'Image Recognition', which then leads to an output box labeled 'Image Classification'.

Neural Networks

- Perceptron
- Multi-layer perceptron

The diagram illustrates a neural network with an input layer of four nodes, a hidden layer of one node, and an output layer of one node. Arrows indicate the flow of information between layers. Labels 'Input', 'Hidden', and 'Output' are placed below the respective layers.

Classification model

SVM (Support Vector Machine)

- Find the best linear classification hyperplane
- Each class is separated with the largest margin
- Not a linear classifier, based on data from the two classes on the two hyperplane with largest margin
- Maximize linearly separable data
- For a non-linearly separable data from the hyperplane
- Minimize the largest class
- What if the data is not linearly separable
- How to recognize this hyperplane

The diagram shows a 2D scatter plot with two classes of data points (black and white dots) separated by a diagonal line representing a hyperplane. Two parallel lines parallel to the hyperplane represent the margins, and the distance between them is labeled as the margin.

Day 3

Day 3 started with the explanation of Regression techniques in predicting the price, followed by the Hands-On of the same algorithm by Mr. Anshay Agarwal. The session concluded right upon the importance of GAM and use of MSDET dataset.

The slide is titled "Understanding Anything?" and features a leaf icon on the left. The main content includes a list of items: "Introduction of Regression", "Linear Regression", "Cost Function", and "Gradient Descent". To the right of the text is a graph showing a 2D coordinate system with a line of best fit passing through several data points. The axes are labeled with 'x' and 'y'.

The screenshot shows a Jupyter Notebook interface. The top part of the notebook contains code for linear regression, including the definition of the cost function and the gradient descent algorithm. The bottom part of the notebook shows the output of the code, which includes a plot of the data points and the fitted regression line. The plot has a title and axes labels, and the regression line is shown as a solid line.

Day 4

This 4 started with Face Recognition using Python as important application of AI. Mr. Agnival has explained the different techniques used to recognize face in Python. On an

Day 5

This session is solely focused on Career in AI domain. Mr. Anil Sharma has focused on providing details of his AI learning technical skills in the field of AI, importance of various different job roles.

Possible Gain Creation With AI Skills

- Avg. Salary for Skill to India: Artificial Intelligence (AI) **₹ 597,597**

Year	2020	2021	2022
Salary Growth	50%	60%	70%
Employment Growth	10%	15%	20%
AI Skills Growth	10%	15%	20%

100%

High Quality growth and employment

Day 8

All online quiz were conducted for all the participants of D.I.V sem. The quiz day was conducted validatory by Dr. K. Srinivas, Associate Professor, CIE Department.
