4.2.1 Library is automated using Integrated Library Management System (ILMS)

- Name of ILMS software – Easylib Library Software Package
- Nature of automation (fully or partially)- Fully
- Version- 4.4.2
- Year of Automation - 2010 (renewed till date)

The Library is automated using "Easylib" Integrated Library Management System (ILMS)

Version: 4.4.2 and Client Server Module. The software is fully automated.
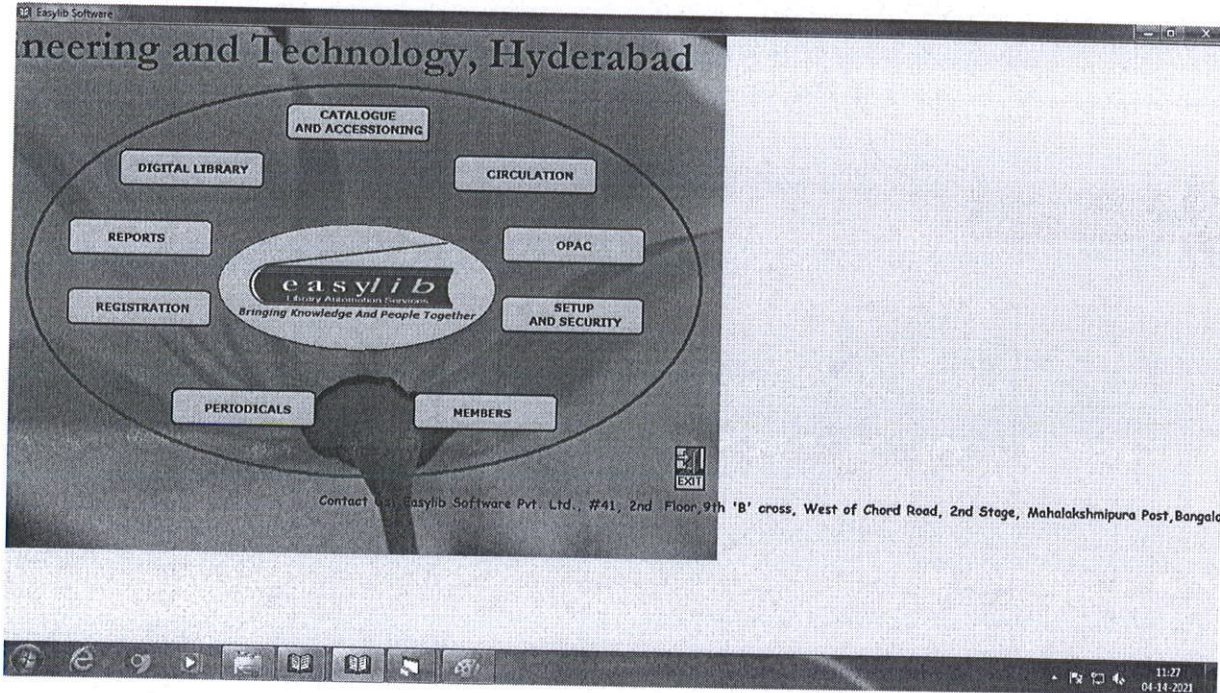

Easylib Features and Functionalities

Easylib Web OPAC is interactive and fully customizable. Provides a one window search. In addition, you would be able to make your own announcements, build an Explore section and connect your partner libraries, showcase accomplishments, library timings, policies and many more. Easylib provides extensive features like Requisition, Acquisition, Cataloguing, Membership Management, Circulation, Periodicals and Web OPAC.
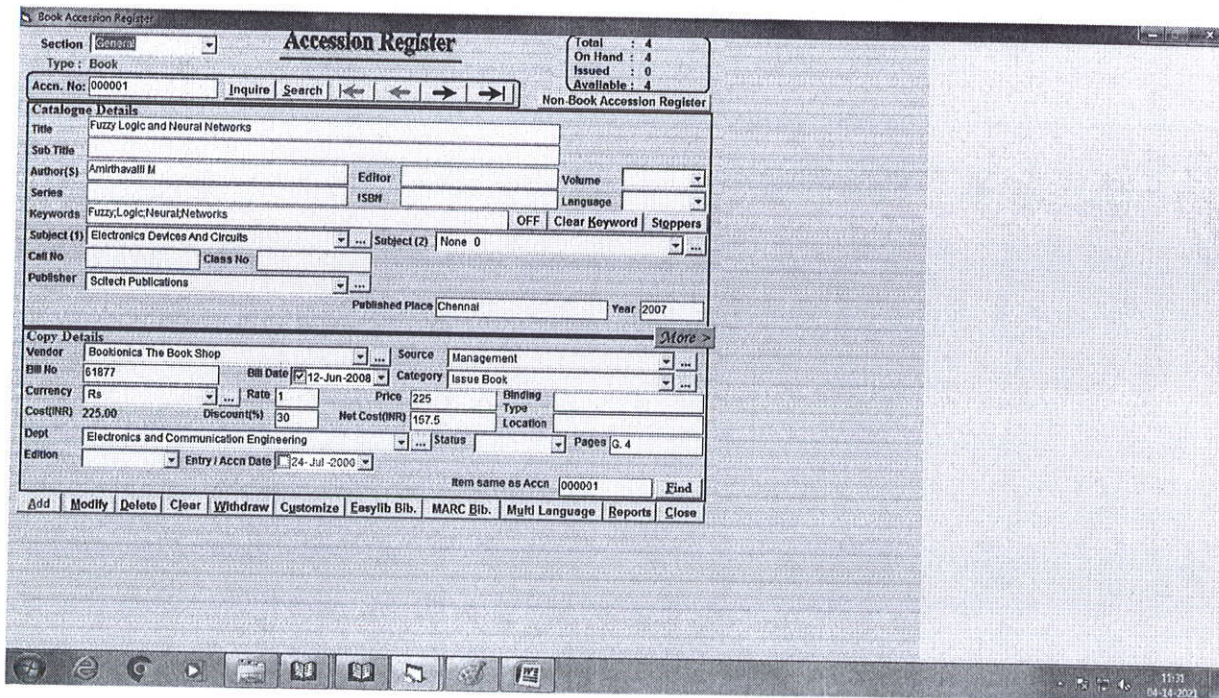

Improved Customer Service

Automation of the library helps take some of the workload off of librarians and other staff members in the areas of acquisitions, cataloguing and circulation, which in turn allows them to better serve their patrons. This extra time can lead to more programs being facilitated in the library and make library staff available to answer reference questions and help people who have trouble in searching or finding the right information.

OPAC (Online Public Access Catalogue) Facility

Easylib Web OPAC is interactive and fully customizable. Provides a one window search. It is computer based and supported library catalogue designed to be accessed via terminals so that library users may directly and effectively search for and retrieve bibliographic records without the assistance of a human intermediary. OPAC usually allows searching by author name, title, and subject.

Reg: Annual Maintenance Charges (AMC) Payable towards Easylib Software

Dear Sir,

Please find the AMC invoice attached with this email. A few items to note

1. Easylib is a mission critical application for your library and requires continuous monitoring and support. AMC enables you to avail service on Easylib software.
2. Visits and / or online support as needed as mentioned in the proforma invoice, resolution of issues in using the software, additional training are provided as part of the AMC.
3. Considering the mission critical nature of Easylib application as well as licensing terms of certain components within Easylib application, AMC is mandatory and service is provided only to AMC customers.
4. The AMC charges are derived based on average effort to provide service for the year. Monthly statements are sent each month to all customers.
5. Discount is provided on future upgrades.

We request you to kindly make the payment at the earliest time feasible.

We also want to update you that we now have launched

Easylib ERP 7.2a for Campus Administration. Kindly call us for a demo.
Easylib 6.4a for the libraries. To customers who are still using Easylib 4.4.2, we request you to upgrade to Easylib 6.4a. The customers who are already in Easylib Web 6.2a will get a free upgrade to Easylib Web 6.4a.
Pricing for advanced Easylib Web version 6.4a starts at Rs.60,000 per year on Easylib Cloud including AMC and server charges if you wish to have it hosted on Easylib cloud server. You do not need to maintain a server.

We look forward to you renewing your AMC as well as going for upgrades.
Thanks for your business!

I would like to kindly bring to your notice that in Library, Computer software i.e., easy lib. has been corrupted. As you know the whole Library work depends on this software. I am unable to perform my job with diligence owing to distractions caused by it. We purchased the Software in the year 2010, Since then i.e., for last 10 years we did not paid the annual maintenance charges . If we pay the charges then only they will resolve the problem . I hope you understand this inconvenience, hence I kindly request you to sanction the annual maintenance charges along with GST. Rs.21,240/-

Yours faithfully
