DEPARTMENT of COMPUTER SCIENCE and ENGINEERING

Action Report on Feed back of Faculty

A.Y. 2018-19 ----I SEM

S.No	Name of Faculty		Suggestions	Action Taken
1	K. Unnati	CSE	Suggested to teach little slowly as students are unable to follow.	Taken tutorial classes for weak students.
2	Mr. A. Rajesh	CSE	Suggested to give notes/material to students also advised to interact with students.	Attended FDP s to gain more knowledge.
3.	B. Sowjanya	CSE	Advised to concentrate more on practical teaching rather than theory	Attended workshops hands-on in Java Programming
4.	T.Praveen Kumar	CSE	Suggested to share more materials on applications on AI	Attend practical oriented workshops on AI applications

NOTE

Submitted to the Principal

Sub: Action taken report on faculty feedback-reg.

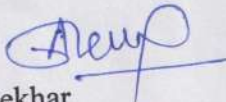

Sir

After receipt of online feedback report on III, V and VII semester class work, it is carefully reviewed and found the following.

The feedback is taken on 11 parameters against each subject on a five point scale. It is noticed that the minimum average feedback is 3.59 on the subject Green Building Technology of VII semester (faculty member is Mr. R Srikanth of Civil Engg. Dept). In this case, against one parameter, the feedback percentage is below 60% (2.97). The same was informed to the concerned and advised him to use white board to the extent possible. For other subjects feedback in all parameters is above the 60%.

The feedback is shared with all the concerned faculty members and advised them to improve in the parameters in which they got low percentage.

Further it is observed that as feedback is satisfactory in all the subjects, there is no need of conducting extra classes by other faculty members.

Dr.A.Rajasekhar

Head-Mech.Engg
