Accredited by NBA & NAAC with A+ Grade

College Code: 1607

CIRCULAR

Date: 05.03.24

All the students are hereby informed that department of mechanical engineering is organizing a Seminar on Inter Cad systems, software asset implementations training on 12.03.2024. Hope it will be a valuable opportunity for the students to attend the seminar. Hence there forth all the students are instructed to attend the seminar.

Seminar on Inter CAD Systems

12th March 2024

Organized By Department of Mechanical Engineering

Resource Person

Ms. Priyanka & Mr. Shashank

Inter CAD Systems Training Institute

Convener

Dr. A Rajasekhar
Head - Mechanical

Coordinator

I Sowjanya
Assistant Professor

Venue

C- Block 2nd Floor - 207

Estd : 2008

Report for Workshop on Inter Cad Systems

Event Title:

Seminar on Inter Cad Systems.

Dates:

March 12 2024 (1 Day)

Venue:

C Block, 2nd Floor, Room no. 207

Resource Persons:

Ms Priyanka & Mr Shashank

Number of Participants:

45 Students

Event Coordinator:

I Sowjanya, Department of Mechanical Engineering

Welcome address was given by Dr P Prabhuraj, Associate Professor/ Mechanical.

Chief Guest introduction was given by Ms. Shazia Anwar Assistant Professor/ Mechanical.

Vote of Thanks was given by Dr M Udaya Kumar, Associate Professor/Mechanical.

The seminar began with a welcome address delivered by Dr. P. Prabhuraj, Associate Professor, Department of Mechanical Engineering, who introduced the importance of CAD systems in modern mechanical engineering practices. Following this, Ms. Shazia Anwar, Assistant Professor, Department of Mechanical Engineering, introduced the chief guests, Ms. Priyanka and Mr. Shashank, highlighting their expertise in CAD systems and their applications in the engineering field.

The seminar provided an in-depth understanding of engineering knowledge (PO1) and problem analysis (PO2), emphasizing the formulation and design of solutions to complex mechanical problems. Participants learned about designing and developing solutions (PO3) while considering societal, environmental, and safety factors. The session also focused on modern tool usage (PO5), equipping students with skills in advanced IT tools for engineering practices. Additionally, the seminar stressed the importance of individual and team work (PO9) in multidisciplinary settings and encouraged participants to embrace lifelong learning (PO12) to stay updated with technological advancements.

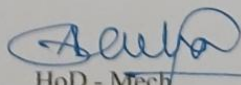

Student projects presented during the seminar showcased practical applications of these program outcomes (POs). The projects demonstrated innovative approaches to solving engineering problems, incorporating modern tools and collaborative teamwork to achieve effective solutions.

The event concluded with a vote of thanks delivered by Dr. M. Udaya Kumar, Associate Professor, Department of Mechanical Engineering. Dr. Kumar expressed his gratitude to the resource persons, participants, and organizing team for their efforts in making the seminar successful.

The seminar on Inter Cad Systems provided participants with valuable knowledge and skills in using modern CAD tools to address complex engineering problems. It emphasized the integration of technical expertise with teamwork, societal considerations, and continuous learning, inspiring students to excel in their professional pursuits.
