College Code: 1607

CIRCULAR

Date: 04.10.23

All the students are hereby informed that department of mechanical engineering is organizing a seminar on entrepreneurship on 13.10.23 at our college. The event emphasis on developing skills and acquiring knowledge to innovate, create start-ups, and turn technical ideas into successful businesses... Hence there forth the all the students are instructed to attend the seminar 13.10.23.

Report for Seminar on Entrepreneurship

Event Title:

Seminar on entrepreneurship

Dates:

October 13 2023 (1 Day)

Venue:

C Block, 2nd Floor, Room no. 205

Resource Persons:

Dr C Bhaskar, Entrepreneur

Number of Participants:

40 Students

Event Coordinator:

Dr P Prabhuraj, Department of Mechanical Engineering

Welcome address was given by Dr P Prabhuraj, Associate Professor/ Mechanical.

Chief Guest introduction was given by Ms. Shazia Anwar Assistant Professor/ Mechanical.

Vote of Thanks was given by Dr M Udaya Kumar, Associate Professor/Mechanical.

The seminar began with a warm welcome address delivered by Dr. P. Prabhuraj, Associate Professor, Department of Mechanical Engineering. Dr. Prabhuraj highlighted the importance of entrepreneurship in today's dynamic world and set the tone for the session.

Ms. Shazia Anwar, Assistant Professor, Department of Mechanical Engineering, introduced the chief guest, Dr. C. Bhaskar. She provided insights into his entrepreneurial journey and his significant contributions to the field.

The seminar covered various aspects of entrepreneurship with a focus on fostering innovative thinking and ethical practices among students. Topics discussed included the design and development of solutions (PO3) to address complex engineering problems, considering health, safety, societal, and environmental factors. Participants explored the role of engineers in society (PO6), emphasizing their responsibility to address societal, legal, and cultural issues. Ethical principles (PO8) were also a key theme, as the seminar stressed the importance of professional integrity in entrepreneurship.

Students also gained insights into project management and financial aspects (PO11), learning how to apply management principles in multidisciplinary environments. The session concluded with discussions on the importance of lifelong learning (PO12), encouraging participants to continuously adapt to technological advancements and remain innovative throughout their careers.

Student projects showcased during the seminar demonstrated the practical application of these program outcomes (POs). These projects highlighted creative problem-solving, ethical practices, and efficient management strategies in real-world scenarios.

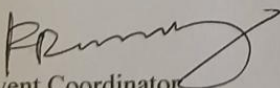

The event concluded with a vote of thanks delivered by Dr. M. Udaya Kumar, Associate Professor, Department of Mechanical Engineering. Dr. Kumar expressed gratitude to the resource person, participants, and organizers for their contributions to the seminar's success.

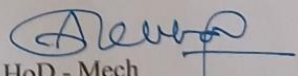

The seminar on entrepreneurship provided an enriching experience for participants, offering practical knowledge and inspiration to pursue innovative and ethical entrepreneurial ventures. It underscored the importance of continuous learning, societal impact, and professional responsibility in shaping future leaders in engineering and beyond.
