

Methodist College of Engineering and Technology
Abids, Hyderabad
National Service Scheme Cell- 2018-19

Name of the Programme: ROAD SAFETY

Date: 10.02.2019

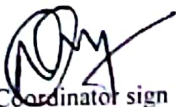

Venue: Stanley college of Engineering and technology

Summary report

Road safety week is a national event aimed at raising public awareness about traffic rules and ultimately to reduce casualties due to road accidents. Millions lose their life and millions get injured in road accidents globally; mainly, due to lack of awareness about traffic rules or a behavior of flouting them. Therefore, to make people more aware of the traffic rules and to persuade them to follow rules while on road; the Road Safety Week is observed annually. Though the government observes the road safety weeks, many Charitable Organizations, Non-Government Organizations and Private firms across the country also organize and provide logistic support to the Road Safety Week Campaign.

30th NATIONAL ROAD SAFETY WEEK was celebrated on date 10/02/2019 in STANLEY COLLEGE OF ENGINEERING AND TECHNOLOGY. More than 380 students and 15 faculty members were present for this program. The main chief guest for this program is Mr. ANJANIKUMAR (CITY COMMISSIONER OF POLICE) delivered the speech regarding the awareness of road safety. Our college chairman Krishna Rao, Director laxmipathirao and AO, NSS PO are attended for this program.

A.Y 2017-18

Date 25.8.2017

Name of the Event: Traffic Awareness Programme

Venue: Seminar Hall

Summary report

Road Safety Awareness program was organized at our college premises on 24.08.2017. The dignitaries who shared the session were the Mr RaghavaRao and Mr.SrinivS Rao Traffic Inspector and sub-Inspector of Police Abids. The session was very useful for students, focusing on the safety measures to be followed while riding. The program was started by Welcome address which given by Director Prof Laxmi pathirao and the speech delivered by the was Mr RaghavaRao very informative and he provoked the undeniable truth that "each one's safety is in their own hands" as well on the importance of a how precious each one's life is.

Mr.SrinivS Raomainly focus on several measures have been undertaken by the students for the safety of the travellers on road:

- Seat belt wearing is an important rule for the people traveling in the front seat of the four wheeled vehicles. Heavy penalties have been levied in certain states for the people who violate the rule. This is a major safety measure taken by the government. The wearing of the seat belt reduces the risk of major injury if accident happens and surveys have proved the fact.
- Two wheeled vehicle drivers have to wear helmets and failing to do so can lead to heavy penalty. Measures are taken by the government for the benefit of the people.
- Use of cell phone while driving is prohibited. But hardly people try to follow the rule sometimes. To prevent this, preventive measures like fine payment has been levied on the citizens who are found driving and talking on the mobile simultaneously.
- Red light jumping and no lane driving is another hazard in maintaining road discipline. This is the reason why the government has taken the measure of penalty payment of red light jumpers.
- Over speeding also leads to punishment and many people end up paying fine for the same. The students were very much enlightened by his motivating speech because at this age we ride for fun.

Almost 350 students along with NSS programme office and faculty members participated in this event
