DEPARTMENT OF BUSINESS MANAGEMENT – MBA

A REPORT ON MENTOR TALK BY MENTOR MIND – ~~13~~ MARCH 2019

The mentoring session was held in the 'C' Block, the session started at 12:30pm. The spokesperson was Mr.Suhas Kaul, Co-founder of Mentor Mind assisted by Mr. Francis. All the students from MBA attended the session.

In the mentoring session Mr.Suhas spoke about how young college students need mentoring and how important it is for the students to be experienced and have domain expertise as it is the most sought after trait in the companies. The session also included challenges and interactive sessions where students were to answer tricky questions and interact in the activities and put forth their views and experiences.

Mentor mind is an Online platform where students can register themselves for Rs. 1000/- and take up projects (menternships) which include various tasks. Upon the completion of the project the student will be rewarded with a certificate by Mentor Mind and the respective company. This certificate will be of great value while applying for internships and placements as it approves of the student's experience and subject knowledge.

Student's Feedback: The session was informative and equipped the students with the reality of the market and ways to have domain expertise.

Hello Ma'am,
 Hope you are doing well.

Please find attached on this mail the detailed proposals for your institution. We've come up with two separate proposals.

1. For your MBA Dept
2. For the Engineering college

A small inference from the session and the feedback we took:

We noticed that most second year students were not interested in signing up as they were pretty much placed or on their way out of college.

On the contrary, 95% first year students showed interest in signing up with MentorMind.

Should you have any questions or concerns, please let us know.
 Hope to hear from you soon. Thank you once again.

MENTOR MIND

STAY AHEAD.

MAKE WAY FOR MENTORMIND

MentorMind is an online platform which helps students and young professionals Stay Ahead. By providing aspirants with real-time projects through collaborations with real companies, under the guidance of expert mentors or Menternships as we call them, we empower young minds to learn through experience and practical application.

The Menternships are certified and cater to a variety of backgrounds, thus accommodating a wide set of choices for students that inspire them to explore the possibilities, experiment, and most importantly, Unlock their potential.

MentorMind is a unique platform that helps students get a taste of the real world through Menternships. A Menternship is essentially a mentored internship, where students work on key projects while being mentored by industry experts from real companies.

Upon completion of the project, the "Menterns" as the participants are called are evaluated by the mentors and the company based on their performance, skills and value addition. The Menterns meanwhile get to apply their skills on real-time projects while being guided by mentors, in companies that are otherwise inaccessible to them.

Unlike traditional internships, which are exclusive and inaccessible to students at large, Menternships offer students, irrespective of their background, a wide range of options to explore a variety of interests and test their abilities.

What's more? Menterns can take up multiple Menternships to strengthen their portfolio, making themselves not only employable but attractive to top companies and industry leaders.

HOW IT HELPS

WHAT IS A MENTERNSHIP?

A Menternship is a recognized and certified mentored internship, where real-time projects are co-created in collaboration with partner organizations, which are accessed and completed by students and young professionals through the MentorMind website online, which is structured and gamified, making it an interesting way to tackle industry-specific projects.

WHO ARE MENTERNS?

Students and young professionals that successfully complete a Menternship are called Menterns. Menterns can pursue multiple Menternships to fortify their portfolio and domain expertise.

WHY STUDENTS NEED MENTERSHIPS?

APPLICATION OF SKILLS

Students get the opportunity to apply learned skills in real-time projects, under the guidance of expert mentors with real companies. Moreover students get to choose a Menternship with the company and industry of their choice.

EASE OF ACCESS

Unlike traditional internships, MentorMind helps students' at large access Menternships through their easy-to-use portal without exclusivity or discrimination of any kind. Moreover, students get to choose the companies they like to Mentern with through a Menternship and get expert guidance from quality mentors.

CROSS FUNCTIONAL INDUSTRY EXPERIENCE

Menternships help students access multiple industries and within each industry, multiple functions. They also stand to gain a plethora of skills and grasp an understanding of cross functional industry experience.

EMPOWERING STUDENTS/INSTITUTIONS/COMPANIES

Students and institutions can engage with potential recruiters through MentorMind and help build a symbiotic ecosystem, where companies and institutions work together towards sustainable growth, thereby benefiting students and industries equally.

REAL-TIME WORK EXPERIENCE & EMPLOYABILITY

Certified Menternships equip students with key industry skills, as they get to apply their untested knowledge in real-time projects with real companies. More importantly, students are guided by expert mentors and help them hone their skills and make them industry-ready, thereby increasing employability.

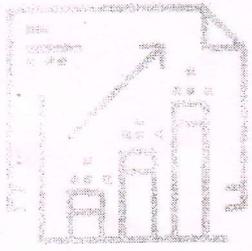

THE BIG QUESTION?

IS YOUR INSTITUTION INVESTING TIME & RESOURCES TO HELP SKILL YOUR STUDENTS, SO AS TO AVOID SKILL-MISMATCH ON THE JOB?

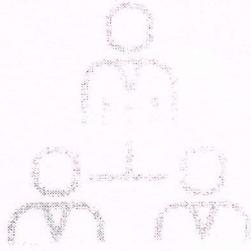

SOME FACTS

- Among every 1,000 persons, 869 graduates and 917 post-graduates were unemployed because of non-availability of jobs matching their education or skills.
- Outmoded higher education coupled with the economic slowdown, from 2014 to 2016, campus recruitments have gone down by 45%
- Those employed end up earning less than Rs 10,000 a month as they do not meet the needs of the corporate world.
- Only 7% of management graduates from Indian business schools, excluding those from the top 20 schools, are employable.
- Domain expertise is by far the most in-demand skill required by employers.
- 60% of 15 lakh graduates added to India's workforce every year are not satisfied with their jobs.

BRIDGING THE SKILL GAP AND INCREASING EMPLOYABILITY

MentorMind bridges the gap between conventional learning and practical application through Menternships, by helping students apply and test out their knowledge and skills in real-time projects for real companies. The result being, students become familiar with the challenges of the prevailing market conditions with respect to their area of study and interest. This not only helps them acquire domain expertise, but also makes it easier to land the job of their choice. A feat, classroom learning has never been able to achieve, as it is not only theoretical but also never in line with the needs of the market.

Completing a certified Menternship gives students the opportunity to build a profile of certifications, while also gaining valuable insights into how organizations work and their behaviour, thus increasing employability.

Respected Sir,

It was nice meeting you yesterday at your college premises and thank you for the courtesies extended to our team. As discussed, a brief of our Training and Certification activities suitable for budding engineers is appended below.

Objective: To improve the employability skills of Mechanical / Production Engineers by Industry Oriented Training in the field of QA / QC. The Certification shall be by TQ Services – A Division of TATA Projects Limited.

Why TATA Certificate: TATA Projects is one of the fastest growing and most admired infrastructure companies in India. It has expertise in executing large and complex industrial infrastructure projects and has rich experience in Training and Certification which includes International Certifications having high demand mainly in the Oil & Gas Sector in addition to requirements from Industries in India. The brand TATA would definitely give a better opportunity both in initial screening of CV and during Interview while discussing the learning from the Training.

Why QA / QC Mechanical: QA / QC Mechanical course has high demand, better pay packages and better career prospects required for Industries from all sectors in Mechanical Field both in Domestic and Overseas such as Oil & Gas, Petrochemical, Power Plant, Steel Plant, Cement Plant etc.

TATA Projects with extensive expertise in the field has designed a comprehensive program encompassing the technical knowledge required for job profiles of following

- QA / QC Piping
- QA / QC Static Equipment
- QA / QC Welding
- QA / QC Painting
- Non Destructive Testing
- Destructive Testing

Our Training Providers: Our trainers have industrial experience of several years and have successfully conducted several training programs with high rating in the feed backs. They are qualified with International Certifications and have expertise in training as per Industry requirements.

Methodology: Training period – 20 days having 15 days Classroom Training & 5 days Practical Industrial Exposure.

Thanking you & assuring you best of our services.

With Best Regards,

Mrs. Siva Nagavi

Dear Sir,

Please refer to your advertisement in THE HINDU news paper of 23 rd June on the subject.

We have already participated in this event 2 years ago and hence we once again request you to include our colleges name for the programme.

The fresh semester would start from July 11th 2016, and hence we would confirm a suitable date after that.

We have a seminar hall , LCD projector and other facility for conducting the programme.

We have one request / suggestion :

It was reported by our students earlier that the presenter was not that effective in taking the session through its logical sequence. The undersigned would like to volunteer and be associated in the delivery of the programme, in our associated colleges as listed below :

- 1) Methodist College of Engineering & technology , Abids, Hyderabad
- 2) Stanley College of engineering & technology for Women , Abids, Hyderabad
- 3) Indur Institute of Engineering & technology , Siddipet

The undersigned has taken up the subject of " Entrepreneurship " as an elective for Engineering students in their Final year 2nd semester course work and has 25 years of Industry experience and 12 years of teaching experience.

Regards.

Yours Sincerely

For Methodist College of Engineering & Technology

CVR Sriilalit Narayana

Associate Professor & TPO

Sriilalit - with three "I"s - wants to be always nice,
 To all who help others - fathers, brothers , sisters and mothers,
 One "I" to remove pa"i"n, another "I" to make you ga"i"n,
 Third "I" to remain pla"i"n, whether shine or rain,
 This is my Motto, Neither lottery or lotto
 Makes me happy, But YOUR REPLIES when made snappy.

Dear Respected Lalit Narayana Sir,

Greetings from Seventh Sense Talent Solutions.
As per our discussion today you have specified that you wanted TCS Specific Test. Therefore, we are going to conduct online tests for students. These tests are in activation till Tuesday i.e, on 09-02-2016. We will generate the report immediately and send it to the college.

Please find below the test procedure.

Test Procedure

Step 1: Open www.seventhsensetest.com.

Step 2: Top right you will have an option called register. Register all your details

Step 3: Login to the site with email Id and password.

Step 4: Click on Test sense

Step 5: After that select college tests and in that go to campus recruitment tests and click on proceed.

Step 6: Next they will ask you for college test Id and password. Give the test Id and password which is given to you (see two such codes given below)

Step 7: You will get a page with all the instructions. Please go through all the instructions and click on start my test.

Step 8: Once the test is done click on submit my test. Score card will be appeared.

Step 9: We will send the test report of all the students who attended the test.

Test Codes:

1. Test ID - College Test ID - quant2 and password- quant2

2. Test ID - College Test ID - quant3 and password - qunat3

Note: College Name is Already there in the list, so please directly select the college.

Prof. C.V.R.Srilalit Narayana,
Training & Placement Officer,
Methodist College of Engg & Tech, Hyderabad.

Dear Sir,

Greetings from ILLINOIS INSTITUTE OF TECHNOLOGY, CHICAGO.

Thank you for the opportunity to meet with you this morning. I was glad to gain a better understanding of your students interest in pursuing Master's Degree program.

You are aware that a large number of students from Indian Engineering colleges visit US universities for Higher education, year after year. **In our University, a student of your college who has completed the 3rd year in Bachelor's program can seek admission to our Master's Degree program.** We would be able to guide such students on the application process. This is the right time for them to take career counseling. Such students gather requisite information from various sources at a cost, some time partially correct and quite often NOT well guided.

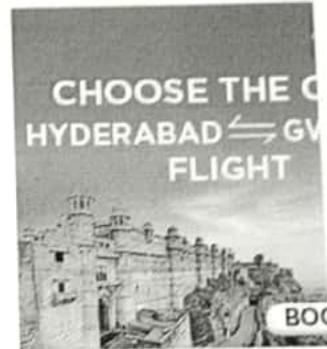

Illinois Institute of Technology, (IIT-C) is a Ph.D granting private University established in 1890 at CHICAGO, has set up few offices in India, way back in 1997, in Bangalore, Mumbai, Chennai, Hyderabad and Pune. I represent Hyderabad region for AP & TS. We are knowledgeable to address your final Year students and

give them authentic information, saving their time, effort and even money.

We can discuss various modalities to suit your students may be by addressing students or by way of long term agreement between both IIT's. I would request you to give me an opportunity to address your final year students for about an hour on date and time chosen by you. Though, my address would be specifically on Illinois Institute of Technology, Chicago. But the information that I would give in the presentation, would be relevant to even students joining other Universities.
