2019

Minute of the meetings of the Board of studies in Civil Engineering Department. UCE. O.U., held during 22.01.2019, 24.01.2019, 04.02.2019, 26.02.2019, 05.03.2019, 31.03.2019, 20.04.2019 and 24.05.2019.

Members Present:

1. Prof. P. Raja Sekhar, CBoS, Dept. of Civil Engineering, OU.
2. Prof. M. A. Prasad, Dept. of Civil Engineering, OU.
3. Prof. N. Suresh Kumar, Dept. of Civil Engineering, OU.
4. Prof. K. L. Radhika, Dept. of Civil Engineering, OU.
5. Prof. Md. Hamraj, Head, CED, MJCET, Hyderabad.
6. Prof. Mir Iqbal Faheen, Head, CED, DCET, Hyderabad.
7. Prof. S.G.S. Murthy, Head, CED, MVSR Engg. College, R.R. Dist.
8. Prof. G. Manohar, Head, CED, Matrusri College of Engg. Hyderabad.
9. Prof. S. K. Akshay Naidu, Head, CED, Methodist College of Engg. Hyderabad.
10. Prof. A. S. Prasad, Methodist College of Engg. Hyderabad.
11. Mr. K. Ravi Sekhar, MVSR Engg. College, R.R. Dist.
12. Mr. P. V. S Koteswara Rao, Methodist College of Engg. Hyderabad.
13. Mr. Murthy Polasa, Head, CED, Swathi Engg. College, Hyderabad.
14. Mr. K. Raju, Swathi Engg. College, Hyderabad.
15. Ms. Nanchari, Head, CED, Islamia Engg. College, Hyderabad.

Agenda for the meeting:

1. To consider and approve B.E. IV Yr (VII & VIII semester) syllabus under CBCS system for the year 2019-2020.
2. AICTE Model Curriculum B.E. II Yr (III & IV semesters).
3. Any other matter with the permission of the chair.

At the outset Chairperson Board of Studies (U), welcomed all the members and special invitees to the meeting and initiated the discussion pertaining to the above agenda:

The following are the resolution adopted based on the above meetings

- The members proposed their deliberations on the AICTE Model curriculum. Some members proposed the scheme of instructions, for which consensus was arrived at.
- The following break-up of credits was agreed upon

S.No.	Category	Breakup of
1	Humanities and Social Sciences including Management courses	12
2	Basic Science Courses	25
3	Engineering Science courses including workshop, drawing, basics of electrical/mechanical/computer etc.	24
4	Professional core courses	52
5	Professional Elective courses relevant to chosen specialization/branch	20
6	Open subjects - Electives from other technical and /or emerging subjects	12
7	Project work, seminar and internship in industry or appropriate work place/ academic and research institutions in India/abroad	15
8	Mandatory Courses [Environmental Sciences, Induction program, Indian Constitution, Essence of Indian Traditional Knowledge]	(non-credit)
	Total	160

- For the scheme of instructions for III and IV Semesters, the following were adopted based on consensus for the core courses in Civil Engineering
 - (a) The course on Computer-aided Civil Engineering Drawing as proposed in the model curriculum has been shifted to later semesters as a laboratory course.
 - (b) Introduction to Civil Engineering has been adopted as a non-credit mandatory course.
 - (c) The courses on Engineering Geology, Survey & Geomatics and Solid Mechanics have been adopted in the III Semester, although in the AICTE model curriculum these are given in the IV semester
 - (d) Accordingly, the Engineering Geology laboratory and Surveying laboratory have been adopted in the III Semester itself
 - (e) The course recommended for the IV semester on “Instrumentation & Sensor Technologies for Civil Engineering Applications” has not been adopted.
 - (f) The course recommended for the IV semester on “Disaster Preparedness and Planning” has been adopted as an elective and shifted to higher semesters
 - (g) The course recommended for the V semester on “Mechanics of Materials” has been adopted as a core course in the IV semester itself.
 - (h) The laboratory courses on “Solid Mechanics” and “Materials: Testing and Evaluation” were adopted in the IV semester.
 - (i) The syllabi for the courses were proposed by group of two or three experts for each subject from various colleges. These were then discussed, edited and finalized in the BOS meeting.

II. CBCS Curriculum

(Scheme of Instructions and Syllabus for Sem VII and VIII)

1. The members proposed their deliberations on the CBCS scheme of instructions for VII and VIII Semesters. The following core civil engineering courses were adopted

VII Semester:

- i. Structural Engineering Design and Drawing – II (Steel)
- ii. Estimation, Costing & Specifications
- iii. Finite Element Techniques
- iv. Prestressed Concrete
- v. Foundation Engineering
- vi. Open Elective – II
- vii. Open Elective – III
- viii. Computer Application Lab
- ix. Summer Internship*
- x. Project Work – I

VIII Semester:

- i. Construction Management & Technology
- ii. Professional Elective – III
- iii. Professional Elective – IV
- iv. Professional Elective – V
- v. Gender Sensitization
- vi. Project Work – II
- vii. Mandatory Course

Professional Elective – III

- Retrofitting and Rehabilitation of Structures
- Computer Aided Analysis and Design
- Applied Hydrology
- Introduction to Climate Change

Professional Elective – IV

- Structural Dynamics
- Design with Geosynthetics
- Groundwater Management
- Intelligent Transportation Systems

Professional Elective – V

- Prefabrication Engineering
 - Principles of Green Building Practices
 - Advanced Reinforced Concrete Design
 - Traffic Engineering & Infrastructure Design
2. The core course on “Finite Element Techniques” and the professional elective course on “Principles of Green Building Practices” were especially deemed as important and were included as such in the scheme.
 3. The syllabi of the above courses were proposed by experts from various constituent colleges and adopted by the BOS members.

The meeting ended with the chairperson thanking all the members for their active participation and the members reciprocated the same to the chairperson for conducting series of meetings to reach for a consensus with regards to the entire syllabus of Civil Engineering.

Date: 06/04/2017

To
P.Lavanya,
HOD of CSE,
Methodist College of Engineering & Technology,
Hyderabad 500 001.

Sir,

It gives me an immense pleasure to write to you this letter of invitation to associate with the Governing Body of Methodist College of Engineering & Technology, King Koti. We strongly believe that your association with our Governing body will immensely enrich the proceedings and your advises would guide us to achieve the goals and transform us into an institution of repute. Your vast experience as a pioneer in the field of education especially in Engineering Technology, would enhance our vision and drive us through the road map to make Methodist College of Engineering & Technology into a premier institute not only in the state of Telangana, but also in the country.

I take this opportunity to extend you an invitation to associate with our governing Body. I request you to kindly give us your consent at the earliest. The first meeting of the Governing Body is fixed at 11.00 A.M. on 10.04.2017. Please kindly make it convenient to attend. Your participation will immensely help in our future endeavors.

With warm regards.

Sincerely yours

Invitees present:

1. Mr. S.Srinivasa Rao, Dept. of CSE,UCE(A),OU
2. Mr.L.K.Suresh Kumar, Dept. of CSE,UCE(A),OU
3. Mr. T Praveen kumar, Assistant Professor, Dept. of CSE, Methodist, Hyd.
4. Head, Dept. of CSE - MVSR , MJCET, Deccan , Stanley, Islamia , Swathi , Matrusri College of Engineering.

The agenda for the meeting was as follows:

1. Drafting of Scheme of Instructions and Syllabi for M.E (Software Engineering) under CBCS.
2. Any other matter with the permission of chairperson.

The Chairman welcomed the members and invitees.

The following suggestions are required to be incorporated.

1. Software Quality and Testing is included as core Subject where as Distributed Component Architecture is considered as elective.
2. In Place of Data Mining, Big Data is included.
3. The following additional electives are also included
 - i) Semantic Web
 - ii) Network Security
 - iii) Natural Language Processing
 - iv) Information Retrieval Systems
 - v) Embedded System Design
4. Software Lab – I of CSE syllabus is adapted
5. In Software Lab – II, Git Hub is included.
6. Members have suggested to modify all the books as per the latest editions.

The meeting came to an end with the Chairman thanking the members for their presence and valuable suggestions.

The following resolutions were taken:

1. **Drafting Scheme and Syllabi for III & IV Semester (For OU affiliated Colleges) under CBCS for the academic year 2017-2018:**

The existing scheme and syllabus of III & IV Semesters of CSE, UCE (Autonomous), OU is accepted with the following changes in the syllabi:

- (a) III Semester: Discrete Mathematics (Theory): The number of credits is reduced from 4 to 3. Further, the number of contact hours is reduced from 5 (3L+2T) to 4 contact hours (3L+1T). Furthermore, the order of books is changed and a few additional books are added.
- (b) III Semester: Data Structures Lab: The number of credits is enhanced from 1 to 2. Further, the contact hours are enhanced from 2 to 4 (2 sessions/week)
- (c) IV Semester: Programming in Java (Theory and Lab) and Microprocessors and Interfacing (Theory and Lab) are to be redrafted by Prof. A. A. MoizQyser (MJCET) and Prof. G. Veereshalingam(MECS) respectively and subsequently will be communicated to the board members
- (d) IV Semester: Computer Organization (Theory): Additional books are added to the exiting list.
- (e) IV Semester: Society Outreach Program (SOP)
 - (i) Faculty members handling this subject shall attend an orientation program at OU.
 - (ii) The students shall give a presentation for about 30 minutes at their respective colleges on the chosen topic.

2. Revision of IV Year B.E. (CSE) – I & II Semester syllabus under Non-CBCS scheme for the academic year 2017-2018:

- (a) The existing syllabus is to be followed.

3. Any Other Matter:

The board members expressed that:

- (i) The minimum passing mark should be fixed for the external theory exam.
- (ii) Grouping of electives to match different streams for the subsequent semesters has to be done.

The Chair Person has thanked all the members for their contributions and suggestions.

The agenda of the meeting was as follows :

1. Revision of the syllabi of BE(1/4) .
2. Revision of the syllabi of M.Tech(CSE).
3. Revision of the syllabi of M.Tech(SE).
4. Any other matter with the permission of the chair

The Chairman welcomed the members and invitees. Based on the agenda of the meeting, the following decisions were taken.

- 1) The syllabus for B.E 1/4 was considered for revision. There is one theory subject “ **PROGRAMMING IN C& C++**” and associated lab “**PROGRAMMING LAB** “. There is no major revision of the syllabi of these courses . However , members suggested inclusion of a program on C++ Exception handling and deletion of practice session on unix vi editor from the list of programs in Programming lab. It was also decided to change the suggested readings of the subject Programming in C& C++. The syllabus is reorganized as per the new suggested readings .(Revised copy of syllabi is enclosed)
- 2) The syllabus for M.Tech(Computer Sc and Engineering) was considered for revision . The members suggested the following changes in the syllabi
 - (i) Deletion of SkipList topic from Unit-I of Advanced Algorithms
 - (ii) Interchanging of electives Web Engineering and Soft Computing (revised scheme enclosed)
 - (iii) Adding new electives “Semantic Web “ and “ Performance Evaluation of Computer Systems” (copy of syllabi enclosed)
 - (iv) Revision of syllabus of the subject “Human Computer Interaction” (“ revised copy of syllabus enclosed)
- 3) The syllabus for M.Tech.(Software Engineering) was considered for revision. The members suggested the following changes in the syllabi
 - (i) Deletion of SkipList topic from Unit-I of Advanced Algorithms
 - (ii) Revision of syllabus of the subject “Human Computer Interaction” (“ revised copy of syllabus enclosed)
- 4) The Board authorized the Chairman to give the Panel of Examiners for B.E(CSE), MTech(CSE) ,MTech(SE), and other courses in the board studies in computer science.

The meeting came to an end with the Chairman thanking the members and invitees for their presence and valuable suggestions.

Dear members,

I thank you all for very patiently participating in all the meetings and maintaining the quorum. Since it is for the first time that we have to work towards a predefined curriculum, we need to make elaborate discussions and step ahead. Please look into the attachments for the minutes and scheme of AICTE model and CBCS VII and VIII sem. Also email the syllabus for all the subjects of VII and VIII sem under CBCS as well as III and IV sem of AICTE model by 12th Feb. Mark to all. Please Let me know if there are any discrepancies.

Chairperson, BOS welcomed the members for the meeting and informed the members that there were no common instructions from the Dean, FOE regarding the new AICTE model curriculum, Mandatory subjects, Open Electives etc. There was only a letter communicated on behalf of Dean, FOE to conduct a meeting for revision of syllabus.
2. This was the second meeting following one held on 22-01-2019 and the following conclusions were drawn.
 - a) VII & VIII semester subject Scheme were finalized as enclosed, as per the current CBCS scheme.
 - b) As per AICTE model curriculum, the structure & scheme for III, IV, V, VI, VII & VIII semester were finalized with a total of 160 credits and not deviating much under each sections such as BS, HS etc. The scheme is as enclosed.
 - c) Syllabus of various subjects in III & IV semester discussed and delegated to different colleges to be made (not deviating much from AICTE model)

- d) It is taken care that the existing infrastructure in various colleges would be put to use and included in the curriculum and there would also not be much deviation from the AICTE model.
 - e) Electronic workshop lab will consist of Networks Theory experiments.
 - f) CN lab will include experiments of networking with Raspberry Pi, other than network simulator.
 - g) VLSI design will include Verilog programming.
 - h) Embedded C & VLSI lab will consist of
 - i. Arduino & Node MCU experiments.
 - ii. Experiments on Cadence tools
 - iii. Signal Conditioning using sensors (EMI lab as per AICTE)
3. Decision to be taken regarding microwave lab whether to continue with the benches only or include simulation also.
4. If summer internship is made mandatory, then the project work-stage 1 will include two seminars- one on summer internship and one on project work problem definition and literature survey.
5. Finally, the chairperson thanked all members for their active participation.

2. General guidelines for preparation of syllabus is that it should be in the standard format with Five Course objectives and five course outcomes for each theory and practical subject.

3. For Reference books, There should be a heading called Suggested Reading and three titles should be mentioned for theory and one/two for laboratory.

4. It was suggested that Summer internship to be modified from 6 weeks to 4 weeks as there is very less time after the main exam in the summer vacation(two weeks only), a detailed discussion is requested during the BOS meeting to make internship more practically implementable.

5. Dr. Hemalatha is requested to allot subject codes after discussion with Dean.

6. Dr. Arif Soheli is requested to prepare a Google document of the detailed syllabus which is accessible to all so that they can add comments for changes to be taken up in BoS meeting.

1.1 Welcome

The meeting started with the Chairman and Convener welcoming the members. He introduced all the members attended. He briefed the members that a series of meeting of the Head of the Departments of OU and its Affiliated Colleges from 18th March, 2016 onwards was organized to discuss and propose the scheme of instruction of III/IV and IV/IV BE(ECE). After thorough discussions scheme of III/IV and IV/IV BE (ECE) has been proposed and sub committees were constituted to propose the syllabus of III/IV BE (ECE).

1.2 Scheme & Syllabi of B.E (ECE) III/IV

Chairman proposed the Scheme and Syllabi of III/IV and IV/IV BE (ECE) and the members approved the same. Syllabus of III/IV BE (ECE) is discussed in detail and members suggested some modifications. The same were incorporated in the contents as given in Appendix-I.

HEAD OF THE DEPARTMENT
DEPARTMENT OF ECE
METHODIST COLLEGE OF ENGG. & TECH.

I semester:

- i. Pulse circuits are included in Digital IC applications.
- ii. Computer Organization and Architecture is moved from III year II semester to III year I semester in place of Microprocessor and Microcontroller.
- iii. Digital System Design with VERILOG HDL and VERILOG HDL lab are introduced.

II Semester

- i. Analog and Digital Communication labs are merged.
- ii. Electronic Instrumentation is moved to IV year.

1.3 Scheme of B.E (ECE) IV/IV

The Scheme of BE IV/IV year is discussed and is approved as given in Appendix-II.

I Semester

- i. Two electives are introduced instead of one in existing scheme.
- ii. Computer Networks is shifted to IV II semester.
- iii. Mobile and Cellular Communication is made elective in IV II semester.

II Semester

- i. Radar and Satellite Communication is made elective.
- ii. In addition, two electives are offered.

1.4 Scheme of Instructions and Examinations for BE I and II semester (CBCS Pattern)

As per OU norms, we are to adopt Choice Based Credit System (CBCS) from the academic year 2016-17 onwards. In view of this, the existing rules of autonomous college will be adopted. It is proposed:

- A. To adopt semester-wise nomenclature to describe the academic years of UG program as described below:

OLD	NEW
I year I semester	I semester
I year II semester	II semester
II year I semester	III semester
II year II semester	IV semester
III year I semester	V semester
III year II semester	VI semester
IV year I semester	VII semester
IV year II semester	VIII semester

- B. Each theory course offers three credits and lab course offers one credit.
- C. The Scheme of Instruction is split into: Continuous Internal Evaluation (CIE) and Semester End Examination (SEE). For theory subject, CIE carries 30 marks and SEE carries 70 marks. For lab course CIE carries 25 marks and SEE carries 50 marks.
- D. The grades will be allotted based on the marks secured in university exam and sessionals as per the following criteria.

Academic Performance	Letter Grade	Grade Points
90% and above	S	10
80 % and above	A	09
70 % and above	B	08
60 % and above	C	07
50 % and above	D	06
40 % and above	E	05
Below 40 %	F	0

- E. Out of 30 sessional marks for theory, 10 marks are allotted for Assignments/Tutorials/Quizzes etc, in the course. The rest of the marks are to be based on the Internal test, weightage for each test is 10 marks.
- F. Two internal tests will be conducted in each semester. Each will carry 20 marks, out of which 6 marks for Part-A consisting of Objective and short answer questions and 14 marks for Part-B consisting of subjective questions. Average of tow tests plus marks obtained in assignments/tutorials/quizzes etc will be taken as sessional marks.
- G. Out of 25 or 50 sessional marks for practical, 10 or 20 allotted for viva-voce exam/test and 15 or 30 marks are allotted for laboratory record and observation.
- H. The question paper will be in two parts: Part – A is compulsory and covers the entire syllabus and carries 20 marks. Part-B carries 50 marks and covers all the units of the syllabus.
- I. Out of 50 marks for Project Work-1, 25 marks to be awarded by the guide/supervisor and remaining 25 marks to be awarded by a subject expert committee constituted by the concerned HOD.
- J. The evaluation of BE project for maximum of 100 marks will be done as follows:
- 40 marks are allotted for quality of the project work covering a) literature review b) innovation/originality c) methodology and d) relevance/practical application.
 - 30 marks are allotted to Report writing/Documentation.
 - 30 marks are allotted to a) quality and clarity of presentation of project work and b) based on the performance in terms of his/her viva-voce examination and overall subject knowledge.

1.5 Syllabus of Courses (Theory and Practicals) to be offered during I and II semesters.

- A. I Semester courses are common to all branches.
- B. In II Semester, one core subject and lab are introduced: Basic Circuit Analysis and Electronic Workshop lab. The scheme is enclosed as Appendix 3

1.6 Scheme and Instructions and Examination for III, IV, V, VI, VII and VIII semesters as per CBCS requirements (to be tentative with minor changes permitted subsequently)

The courses offered in the existing scheme are almost mapped to the new scheme.

- A. In III Semester, Signal analysis and Transform Techniques, Switching Theory and Logic Design, Environmental Studies and Electrical Technology are introduced. Electromagnetic Theory is shifted to IV semester.
- B. In IV semester, Pulse and Digital Circuits, Networks Lab and Elements of Mechanical Engineering are introduced.
- C. In V semester, Microprocessor and Microcontroller, MPMC lab and Antenna and Wave Propagation are introduced.
- D. In VI semester, VLSI and Verilog Lab, one Professional Elective and one Open Elective are introduced.
- E. In VII semester, Electronic Instrumentation, Computer Organization and Architecture, One Professional Elective and one Open Elective are introduced.
- F. In VIII semester, Computer Networks and Two professional electives are offered.

The detailed scheme is enclosed herewith Append 4.

1.7 ME Courses.

The Chairman informed the members that in ME three specializations are offered: Digital Systems (MJCET and DCET), Embedded Systems and VLSI Design (MVSR) and Embedded Systems (Stanley). The core and electives courses are presented to the members. It is felt that no modifications are done at ME courses. Modifications are proposed to an elective course entitled "Scripting Languages for VLSI Design Automation", which are approved. This course can be offered to all three specializations.

1.8 And any other matter with the permission of the Chair.

- A. Dr. DR Jahagirdar suggested to allot credits depending the depth of the subjects i.e., there should be at least one subject in each semester with 4 credits.
- B. Dr. N. srinivasa Rao felt that the number of credits is slightly less as per AICTE norms. He requested the authorities to look in to this matter.
- C. He also suggested having relaxation of some credits/subject as is done in JNTUH.
- D. The committee authorizes the Chairman to send the panel of examiners for BE, ME and Ph.D. courses in ECE.

The Chairman thanked the members for their active participation.

The agenda for the meeting was as follows:

1. To discuss introducing of CBCS, Scheme & Instructions and Syllabus for BE (All Branches) I & II - Semesters, in all the OU affiliated Engineering Colleges for the academic year 2016-2017.
2. Prepare the CBCS Scheme and Instruction for BE (Mech./Prod/Auto) III-Semester to VIII-Semester in all the OU affiliated Engineering Colleges.
3. Any other matter with the permission of chair.

The chairman welcomed the members and invitees. Based on the agenda of the meeting, the following resolutions were passed:

- (I) **BE (All Branches) First Year**
Introducing the CBCS, Scheme & Instructions and Semester systems in BE (All Branches) in all the OU affiliated Engineering Colleges from the academic year 2016-2017 onwards.

Prepared the CBCS, Scheme and Instruction and Syllabus for BE (All Branches) I-Sem. and II-Sem. are revised in the following subjects:

I - Semester

Practicals:

1. ES 154 ME - Engineering Drawing-I
(Syllabus is revised for BE -Mech./Prod/Auto)
2. ES 155 ME - Engineering Workshop-I.
(Syllabus is revised for BE- All Branches)

II - Semester

Practicals:

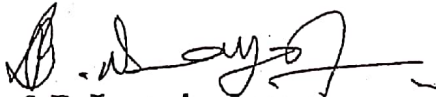

1. ES 254 ME - Engineering Drawing-II
(Syllabus is revised for BE -Mech./Prod/Auto)
2. ES 254 ME - Engineering Workshop-II
(Syllabus is revised for BE- -Mech./Prod/Auto)

Service Courses:

1. ES 221 ME - Elements of Mechanical Engineering
(Syllabus is revised for BE- ECE, EEE and IE)

P/302

- (II) Prepared the CBCS Scheme and Instruction for BE (Mech./Prod/Auto) from III-Semester to VIII-Semester in all the OU affiliated Engineering Colleges.
- (III) For all the subjects of BE (Mech. / Prod. /Automobile) I & II – Semesters (Theory and Practical Subjects), the Course Objectives and Course Outcomes have been incorporated.
- (IV) The Board authorized the Chairman to give the panel of paper Setters and valuers for the forthcoming examinations (both Theory and Practical) of BE (Mech./Prod./Automobile) 1/4, 2/2, 3 /4, 4/4, I & II – Semesters and forwarding the same to the Controller of the Examination Branch, OU.
- (V) The Chairman thanked all the members and invitees at the end of the meeting for their presence and valuable suggestions.
