## ACADEMIC MAINTENANCE SOFTWARE

Academic maintenance software (AMS) is web and mobile based application software for of various maintenance academic activities. The system caters to the requirements of different users Principal, Director, Dean, Head of the departments, Faculty, Students, Administrators and Officials for performing their assigned tasks. The software is developed using latest Internet technologies such as PHP and MySQL. The system is user friendly and can be accessed ubiquitously. The online capabilities of the system allow the students, faculty members and administrators to publish and retrieve the information from their respective disciplines. It has following sub modules:

- Courses Management
- Student Management
- Faculty Management
- Administration Management
- Online attendance posting
- Material and assignment posting
- Online quiz

  
Head of the Department HOD  
Methodist College of Engineering & Tech  
Abids, Hyderabad.
