Resources for Electrical Engineers

The field of electrical engineering being vast and complex, all professionals need to stay abreast of the latest standards and regulations, as well as in the broader engineering community and related fields.

Hundreds of conferences, events, industry publications and professional journals, make it no easy feat to stay up-to-date in this ever-evolving field.

Paired with this need for continuing professional development, to stay relevant in this highly technical and advanced field of practice, it is a full time job for one to stay on top of industry news and best practices. This task is made a little simpler, with some of the most relevant and useful resources for electrical engineers.

- Electrical Engineering Blogs
- Electronics Engineering News Publications, Journals and Magazines
- Electrical Engineering Associations and Professional Networking Communities

- Electrical Engineering Forums
- Electrical Engineering Educational and Multimedia Resources

Electrical Engineering Databases, Tutorials and Wikis

Some of the resources are:

EEE-Fig. Making of solar powered portable power bank

2) 2) Students of VII sem , Bhavani Shankar T (160717734315) , Raghavendra Naik K (160717734306) and Kumar Methri(16071734308) have been awarded , INDIAN and AUSTRALIAN PATENTS for “ PORTABLE HYBRID POWER BANK “

In both these patents, Dr Raghuchandra Garimella, Assocaite Professor, has guided the students for their success.

Management, director, Principal, HOD, Staff and students of EEE, congratulated them profusely!

To BE or NOT to BE is the question!!

Think wisely!! Understand the following :

“Appearances to the mind are of four kinds :

Things, either are what they appear to be;

or

they neither are, nor appear to be;

or

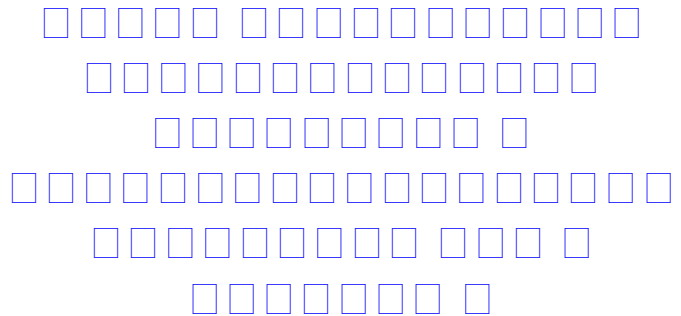

they are, and do not appear to be;

or

they are not, and yet appear to be.

Rightly to aim in all these cases is the wise man's task.”

– Epictetus

BhartruHari Subhashitam

An ignorant man can be easily convinced, a wise man can still more easily be convinced:

but even Lord Brahma cannot please him

, who is puffed up with a little knowledge, because half knowledge makes a man very proud and blind to logic
